Reference: TP/2018/0406 CA **Ward:** Sopwell

Received: 17/08/2018

Proposal: Two conifer trees in back garden of property. Seeking to trim lower branches on both trees back to trunk up to head height (approx. six foot from ground) to reduce shading (for property next door - number 26) and to open up my garden so that I can view it all from the patio. Additionally, I will then be able to utilise the space under both trees. This is an update to a previously approved application (TP/2018/0237), the works for which (reducing both conifer trees by up to 50% in height) have not yet started, but will hopefully be completed at the same time if this update is approved.
