

**ST ALBANS DISTRICT COUNCIL TREE WORKS
APPLICATIONS REGISTERED WEEK ENDING 02/08/2018**

Reference: TP/2018/0382 CA

Ward: St Peters

Received: 30/07/2018

Proposal: To reduce to approximately 8m both Ash & Sycamore trees in the rear garden .
Trees reduce light to the surrounding properties . Because of crown lifting in the
past both trees are one-sided and if were to fall would reach nearby properties.
The resultant re-growth of the trees could be managed to give a smaller crown
which would keep light levels higher than at present.

Address: 3c London Road St Albans Hertfordshire AL1 1LA

**ST ALBANS DISTRICT COUNCIL TREE WORKS
APPLICATIONS REGISTERED WEEK ENDING 02/08/2018**

Reference: TP/2018/0384 CA **Ward:** Clarence

Received: 01/08/2018

Proposal: Lyonothamnus floribundus aspleniifolius (Catalina Ironwood). In the back garden to the right hand side as you look from the back door to the end of the garden. First tree on the right. As the tree has grown, it has split into two main branches. One of these branches has grown over the boundary between number 70 and number 70a. It is leaning completely over the side of 70a and has been pushing at the fence along the boundary. If this branch was to be removed, it would mean that the remaining branch would be able to grow in an even and straight up manner.

Address: 70a Clarence Road St Albans Hertfordshire AL1 4NG
