

# Statement of Common Ground – St Albans District Council with Three Rivers District Council

The National Planning Policy Framework (NPPF) sets out that strategic policy-making authorities should prepare and maintain one or more statements of common ground, documenting the cross-boundary matters being addressed and progress in cooperating to address these.

This Statement of Common Ground (SoCG) sets out the strategic geography and strategic matters as agreed between St Albans City and District Council (SADC) and Three Rivers District Council (TRDC).

This SoCG is based on a template produced by the Planning Advisory Service and takes into account relevant sections of the NPPF, NPPG, Planning & Compulsory Purchase Act 2004 (as amended) and the Localism Act 2011.

## Context

SADC and TRDC have worked collaboratively over a long period of time reflecting the cross boundary matters that exist as well as general good practice to best consider local and strategic issues. Engagement has included a programme of discussions that includes different levels of the organisation seeking to achieve the best outcomes for each authority and the wider area.

The programme of engagement for the Duty to Co-operate has included specific 'Duty-to Co-operate' meetings alongside other meetings to discuss cross-boundary matters that are not necessarily under the title of 'Duty to Cooperate'. These meetings have also been supplemented by more informal meetings between the two authorities. Additionally, cross boundary matters have regularly been discussed and actioned through jointly commissioned evidence bases that have considered local and strategic issues including housing, employment, retail and leisure and flooding.

Other cross boundary matters include those under the remit of Hertfordshire County Council such as transport and education and both SADC and TRDC have a good working relationship with HCC to address these strategic matters.

## Introduction

This statement is provided without prejudice to other matters of detail that parties may wish to raise during the Examination.

Duty To Cooperate

SADC has continuously engaged with TRDC through the evolution of the draft Local Plan 2041. The parties agree that SADC has discharged its Duty to Cooperate for the Local Plan 2041.

<b>1. List of parties involved</b>	St Albans City and District Council (SADC) Three Rivers District Council (TRDC)
<b>2. Signatories</b>	<p>TRDC – Cllr Giles-Medhurst – Leader 27 November 2024 [REDACTED]</p> <p>SADC – Cllr Paul De Kort – Leader [REDACTED] 27 November 2024</p>
<b>3. Strategic geography</b>	<p>SADC, along with Watford, Dacorum, Hertsmere and Three Rivers are adjoining authorities in Hertfordshire and together form the group of five South West Hertfordshire local authorities.</p> <p>SADC also borders Welwyn Hatfield and North Hertfordshire local authorities, and Central Bedfordshire. All neighbouring authorities bar Central Bedfordshire lie within Hertfordshire.</p> <p>The five South West Hertfordshire local authorities fall within the same Housing Market Area (HMA) and Functional Economic Market Area (FEMA). The local authorities within the HMA and FEMA have a history of positively cooperating on spatial planning and related matters and as part of the South West Hertfordshire Group (SWHG) of local authorities are working together on the production of a Joint Strategic Plan for South West Hertfordshire (JSP).</p> <p>St Albans District is very well connected by railway and road, and is close to international airports. The Midlands Main Line from London to Nottingham and Sheffield passes through the District, with the fast Thameslink service connecting directly to central London. There is also a low-service local rail route (branch line) known as the Abbey Line that connects St Albans and Watford. The rail options to London underpin the popularity of commuting out of the District. The District is also very well connected by key national road routes, with the M25 running east west through the south of the District, paralleled by the A414 dual carriageway, while the M1 runs down the west and the A1M is just outside the District to the east. Luton</p>

	<p>Airport is approximately five miles north of the District. As such the strategic geography for the impacts of planned growth and infrastructure requirements extend to all neighbouring local authorities and Luton Borough.</p> <p>Parts of the District lie within the Zone of Influence for the Chilterns Beechwood Special Area of Conservation (SAC). The Chilterns Beechwood SAC zone of influence extends into Dacorum Borough, Central Bedfordshire and Buckinghamshire.</p> <p>In view of the above, SADC consider that the area covered by this SoCG (principally the South West Hertfordshire local authorities and Hertfordshire; but also extending for some matters to include North Hertfordshire District, Welwyn Hatfield Borough, Central Bedfordshire, Buckinghamshire and Luton Borough) is the most appropriate strategic geography of the area.</p>
