St Albans
CITY AND DISTRICT

Site Reference: R-01-21	Site Address: Bylands Meadow, Dunstable Road, Redbourn
Parish: Redbourn	Site area (hectares): 2.78
Existing use: Vacant	
Character of site and surroundings: Redbourn bypass (A5183) is located to the north east of the site, with Dunstable Road and Redbourn to the South West. To the south are open fields, with a small number of dwellings to the north.	
Relevant Planning History	
No Relevant Planning History.	

Suitability

Absolute Constraints			
Ancient Woodland(s)*	No	Registered Parks & Garden(s)*	No
Air Quality Management Area(s)*	No	Ancient Scheduled Monument(s)*	No
Flood Zone 3B*	No	Site of Special Scientific Interest*	No
Local Nature Reserves	No		
Non-Absolute Constraints			
Listed Building(s)*	No	Flood Zone 2*	No
Locally Listed Building(s)*	No	Flood Zone 3*	No
Conservation Area*	No	Source Protection Inner Zone (SPZ1)	No
Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	No
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	No	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	Yes	Medium priority for habitat creation (Cat 3B)	No
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	Yes
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	No		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Landowner (William Rose)

Availability Conclusions:

Yes. The site has been put forward by the landowner through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 70

Potential Employment - Land Area (in hectares): N/A

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Bidwells (Derek Bromley)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 265

Potential Employment - Land Area (in hectares): N/A

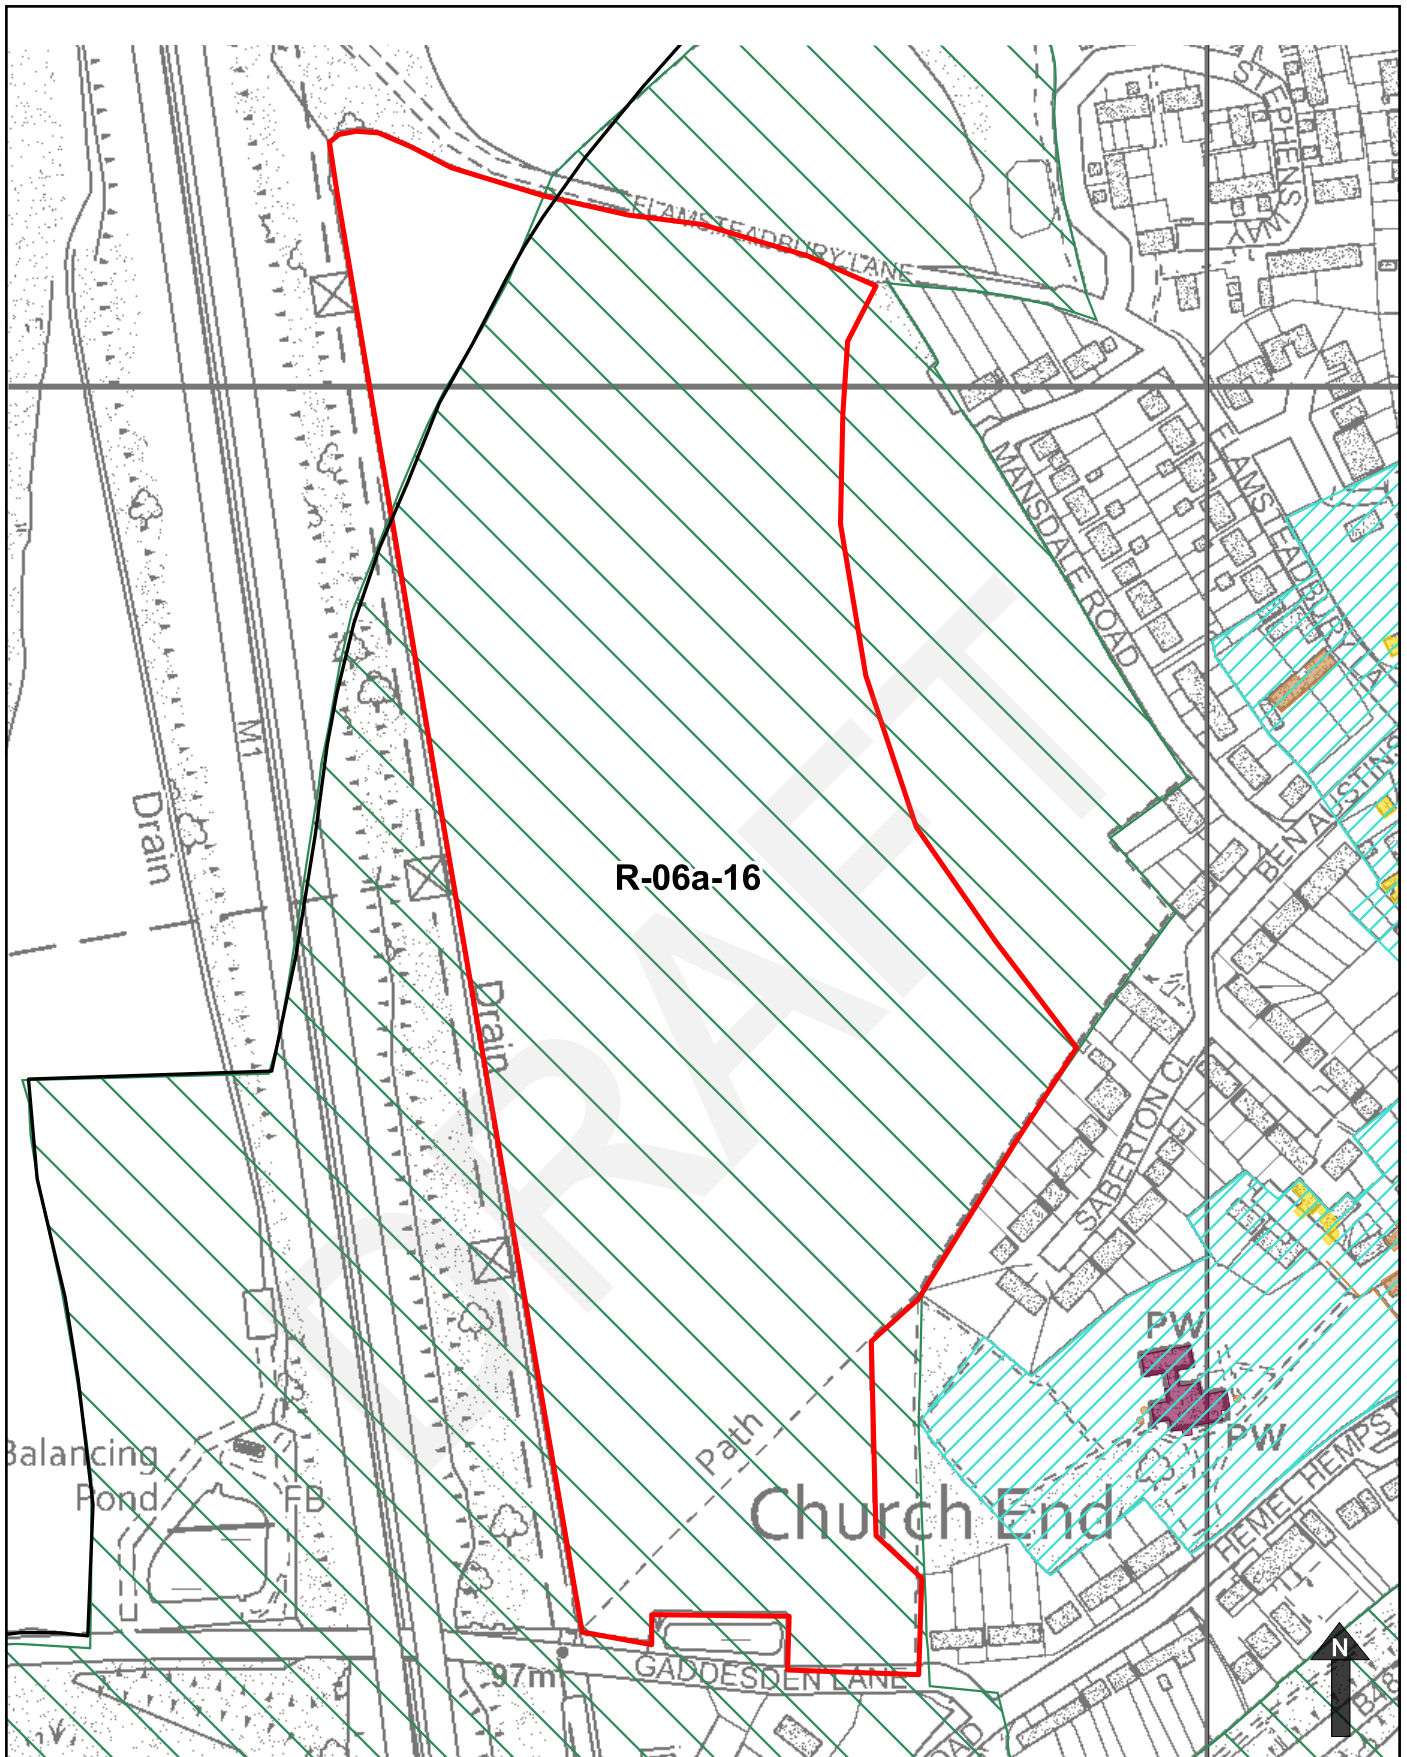

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	No	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	No	Medium priority for habitat creation (Cat 3B)	No
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	Yes
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Unknown

Site Promoter: Michael Fearn (Rumball Sedgwick)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 6-20 years

Potential Number Of Homes: 795

Potential Employment - Land Area (in hectares): N/A

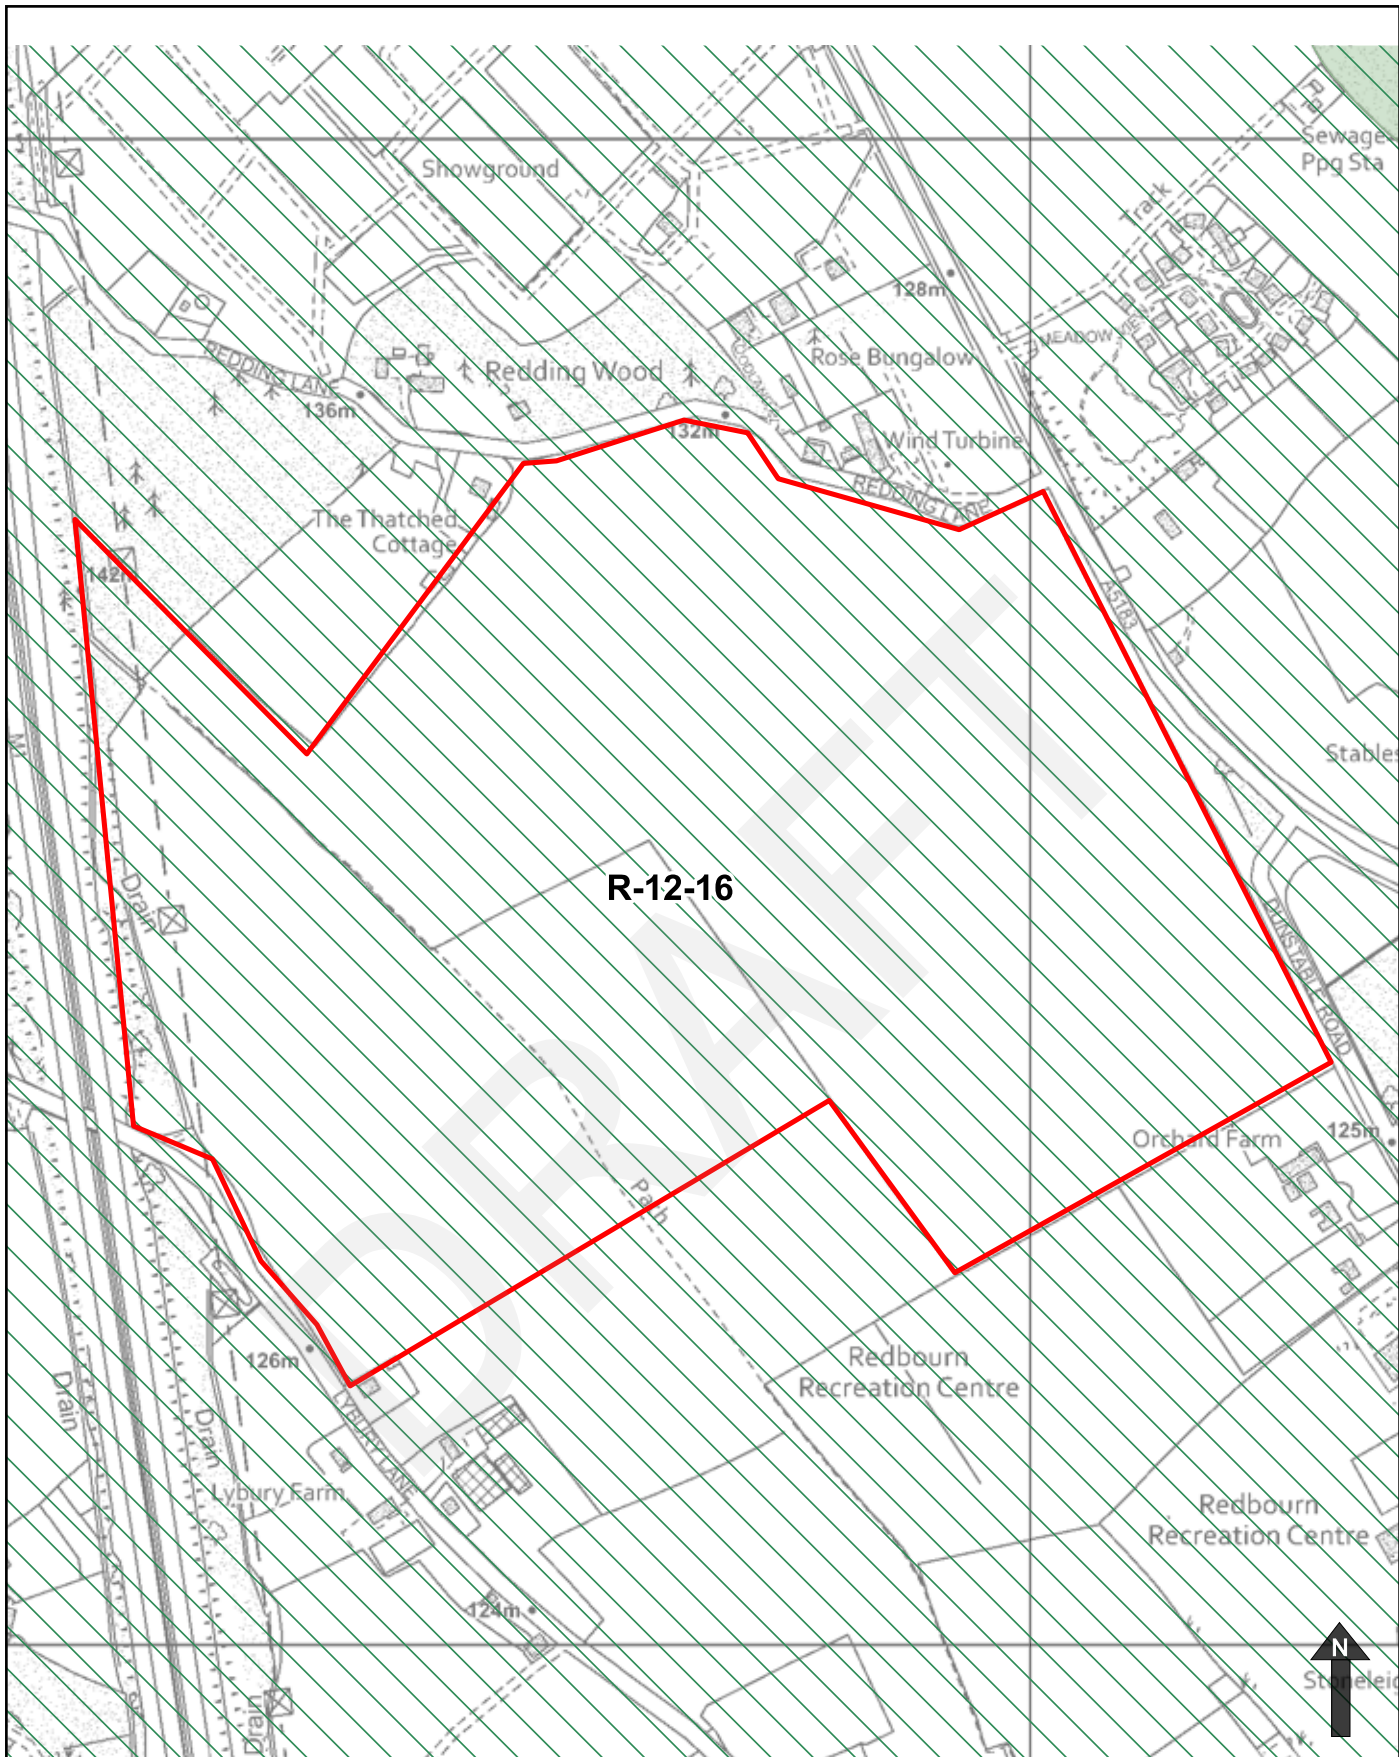

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Conservation Area*	Yes	Source Protection Inner Zone (SPZ1)	No
Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	Yes	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	No	Medium priority for habitat creation (Cat 3B)	Yes
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Marrons Planning (Joanne Althorpe)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 190

Potential Employment - Land Area (in hectares): N/A

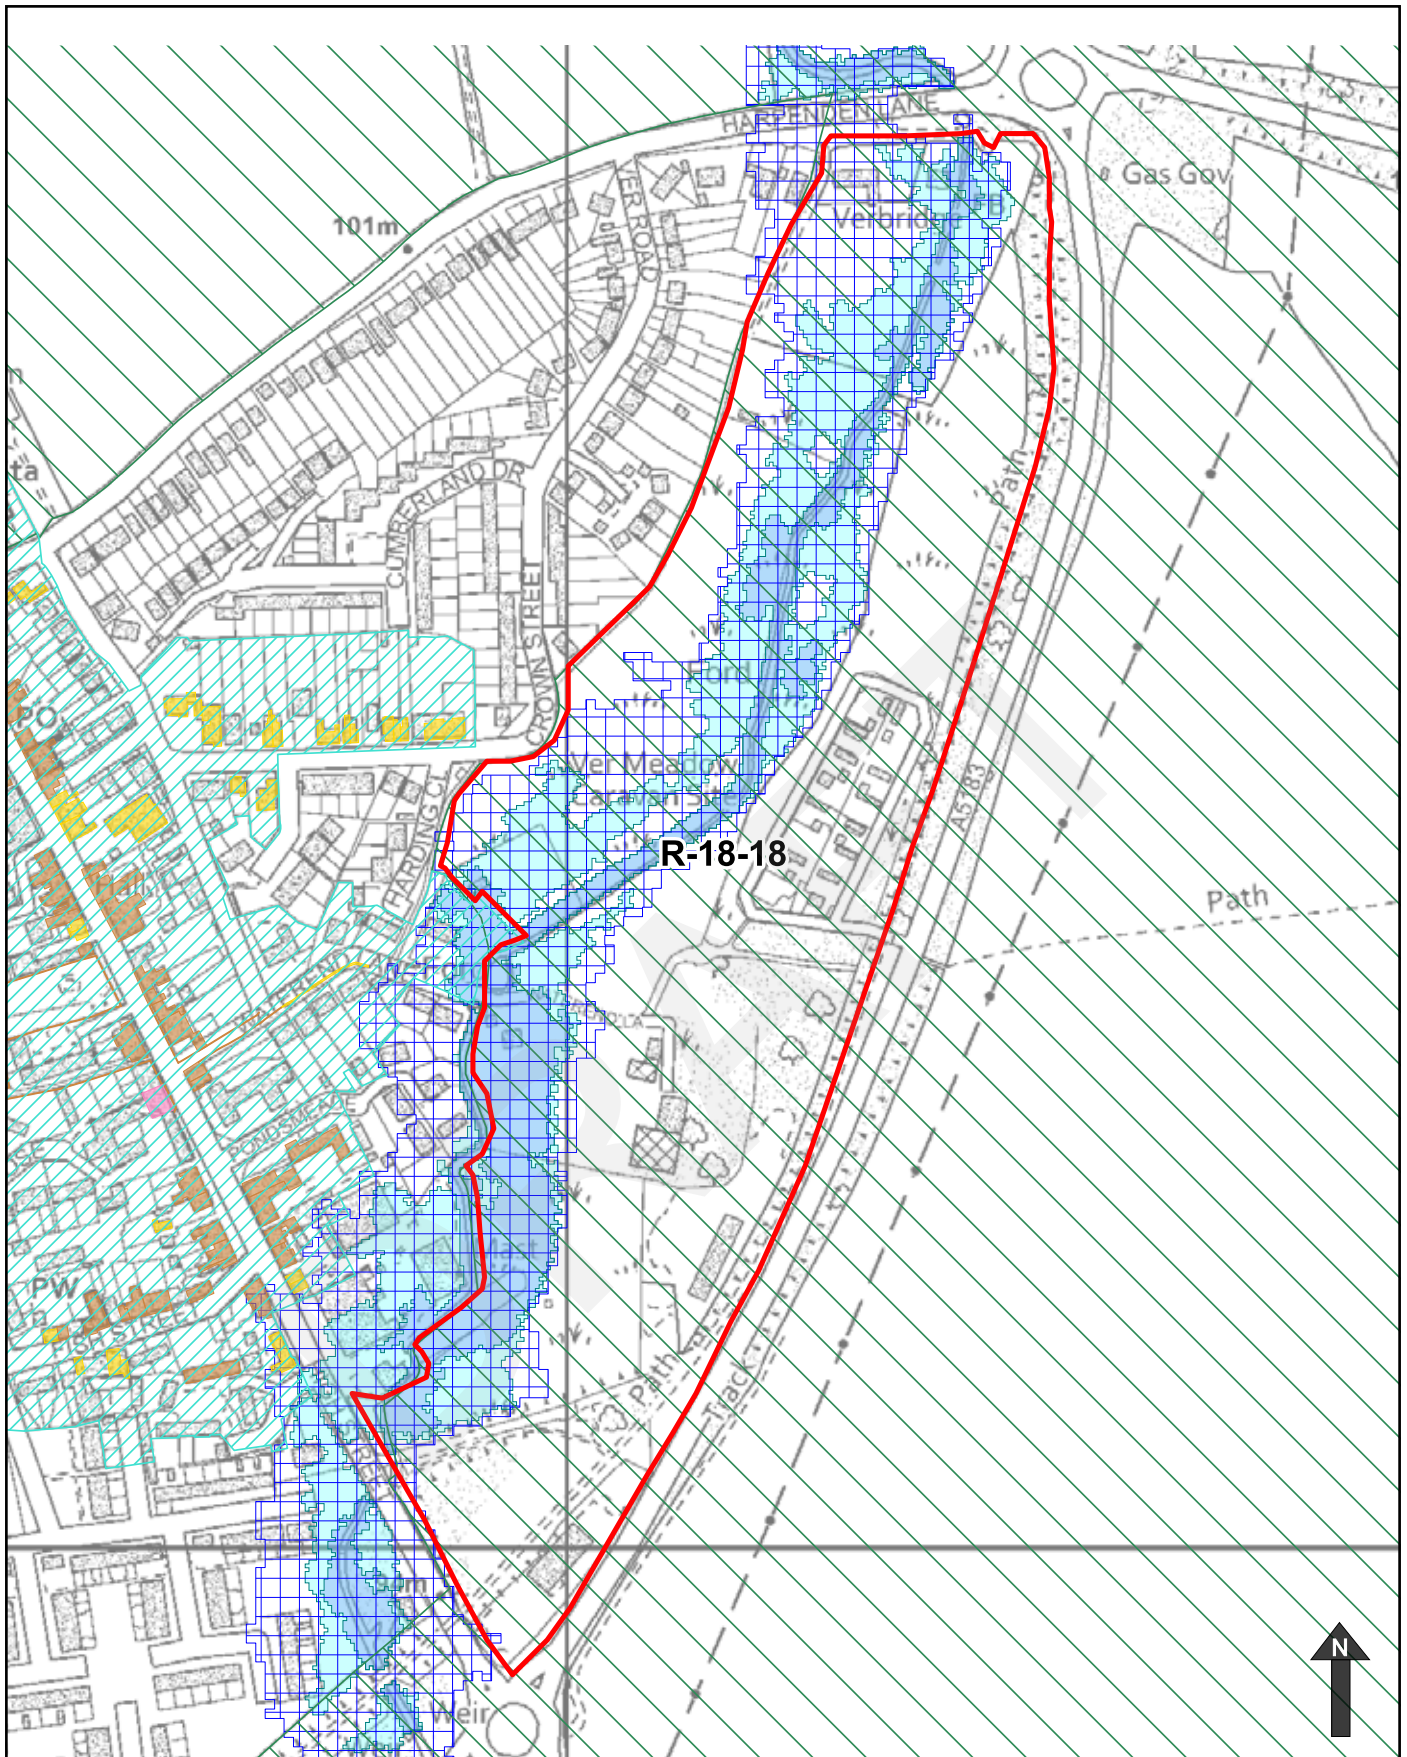

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Minerals Safeguarding Area(s) - Sand and Gravel	No		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Landowner (Richard Hewitt)

Availability Conclusions:

Yes. The site has been put forward by the landowner through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 60

Potential Employment - Land Area (in hectares): N/A

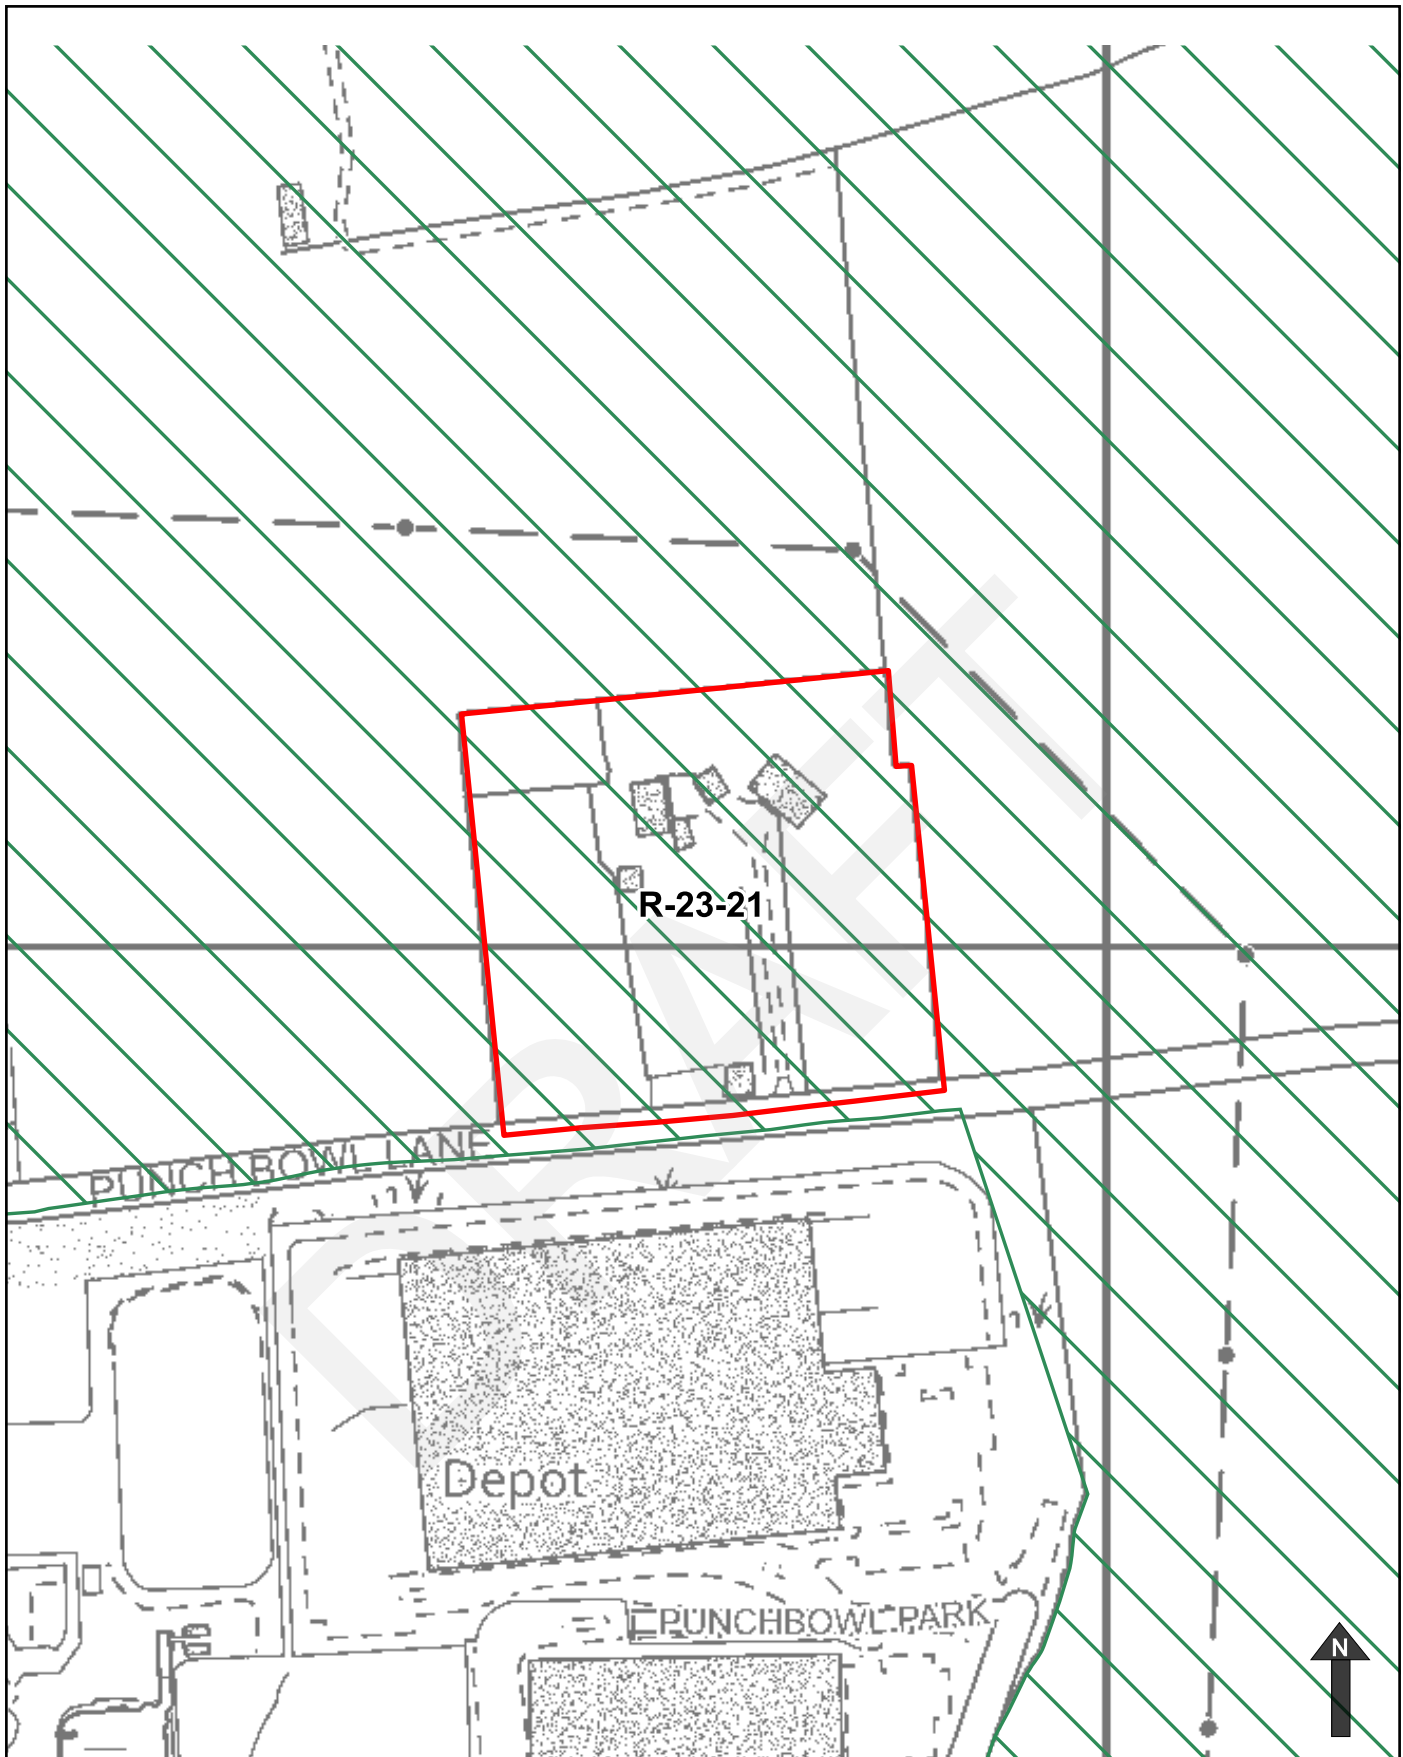

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.
