

St Stephen Parish

Site Reference: STS-01-17	Site Address: HSBC Training Centre, Smug Oak Lane, Bricket Wood AL2 3UE
Parish: St Stephen	Site area (hectares): 64.95
Existing use: Part vacant, residential and agricultural	
Character of site and surroundings: Open fields or other rural aspects in all directions. Construction of 129 dwellings as approved under application 5/2014/3250 currently under construction.	
Relevant Planning History	
<p>5/2014/3250 Outline planning application for the redevelopment of the site to provide up to 129 new building dwellings and garaging. Refurbishment and extension to provide a single dwelling and refurbishment and extension of Hansted House to provide 8 dwellings; Appeal allowed 30/06/2016</p> <p>5/2009/0708 Outline planning application for the development of Strategic Rail Freight Interchange comprising intermodal area, distribution buildings and other related floorspace up to 331,655 sqm; Appeal Allowed 14/07/14</p>	

Suitability

Absolute Constraints			
Ancient Woodland(s)*	No	Registered Parks & Garden(s)*	No
Air Quality Management Area(s)*	No	Ancient Scheduled Monument(s)*	No
Flood Zone 3B*	No	Site of Special Scientific Interest*	No
Local Nature Reserves	No		
Non-Absolute Constraints			
Listed Building(s)*	No	Flood Zone 2*	No
Locally Listed Building(s)*	No	Flood Zone 3*	No
Conservation Area*	No	Source Protection Inner Zone (SPZ1)	Yes
Archeological Sites Subject to Recording Conditions	Yes	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	Yes	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	No	Medium priority for habitat creation (Cat 3B)	No
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: PPML Consulting Ltd (Pravin Patel)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 6-25 years

Potential Number Of Homes: 1420

Potential Employment - Land Area (in hectares): N/A

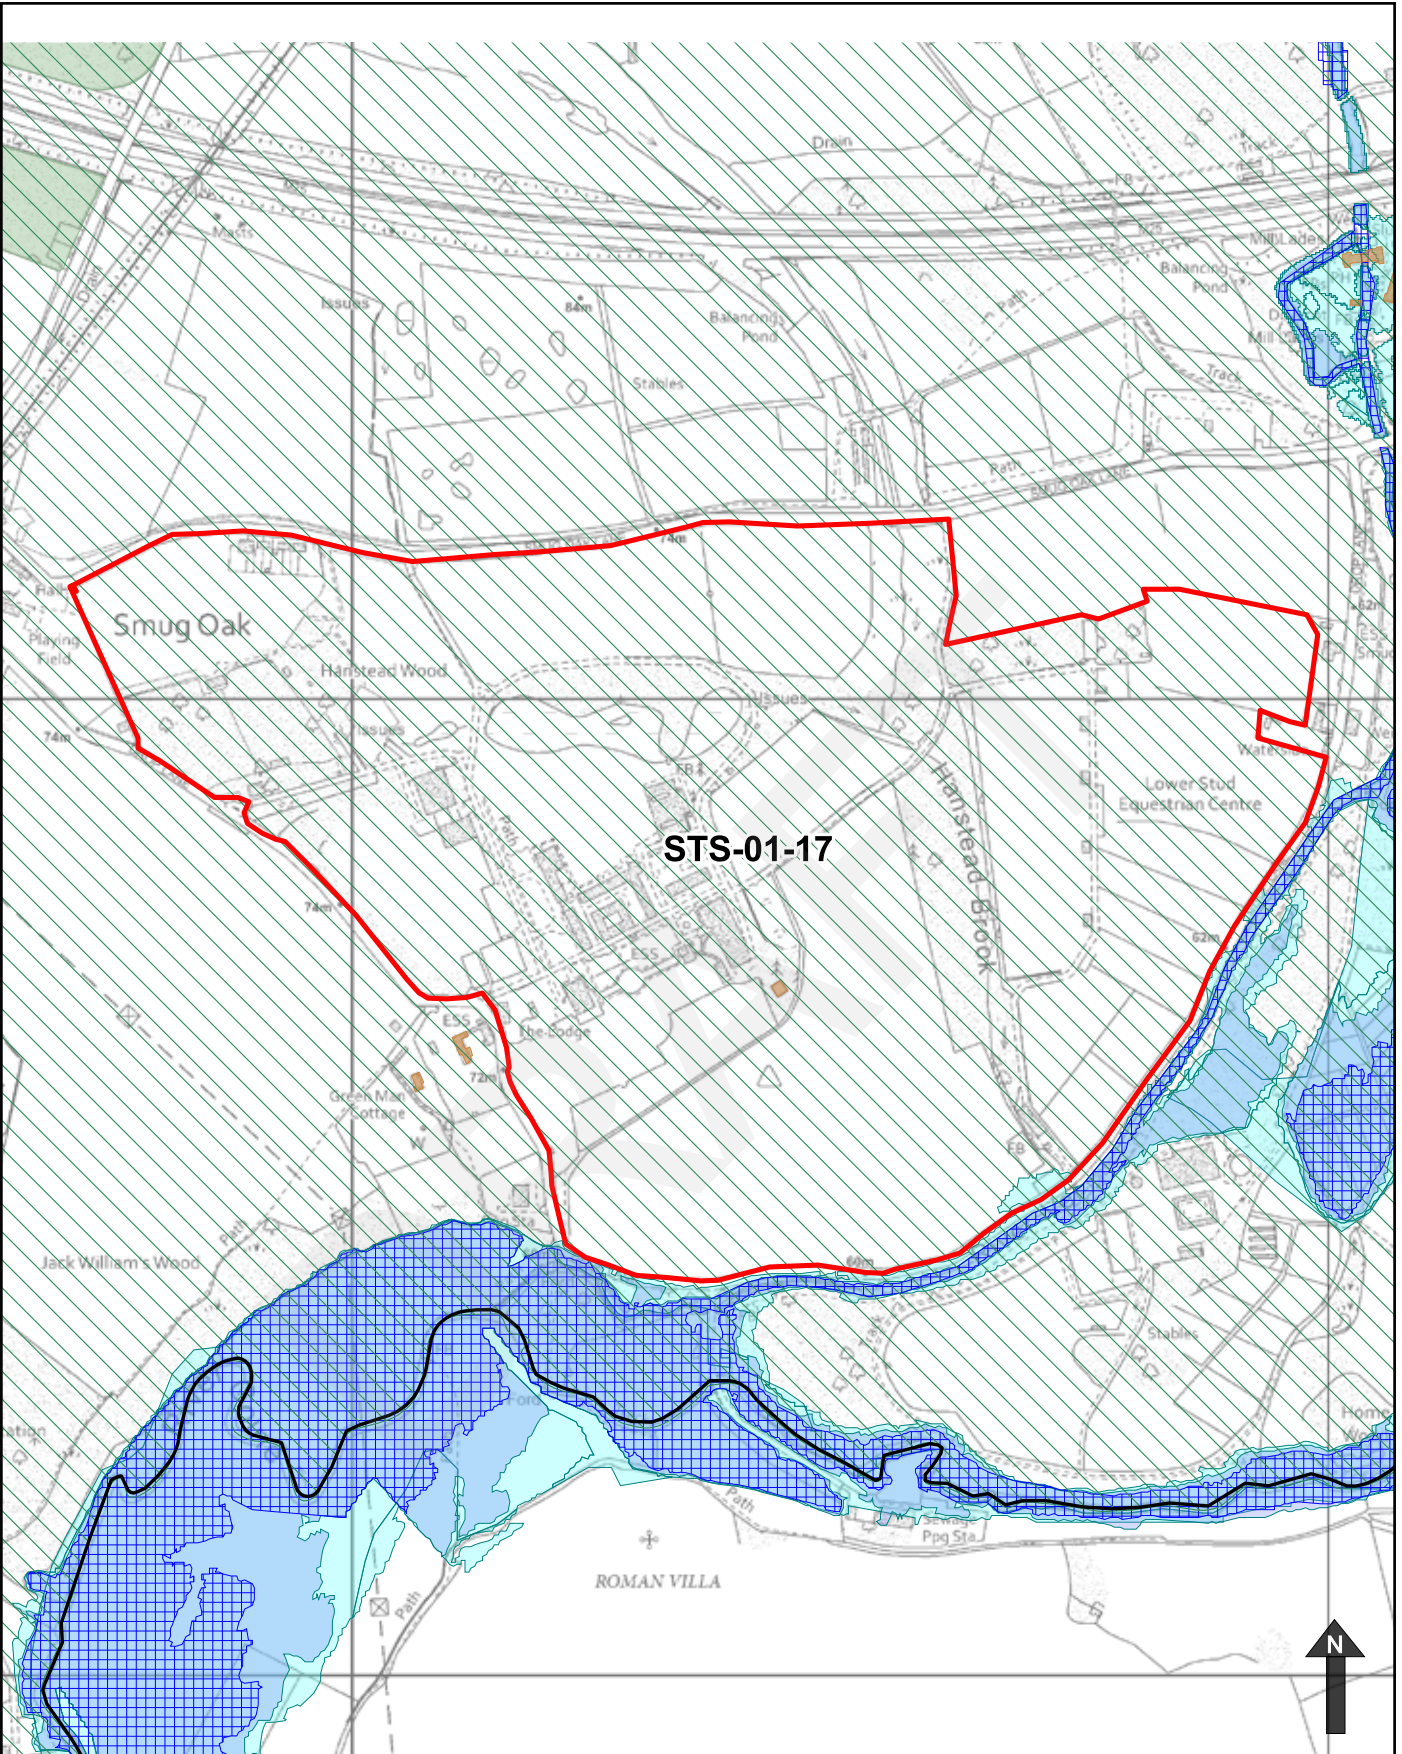

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes. Permission Granted for proposed use on adjacent site and therefore it is considered there is a reasonable prospect that the particular type of development can come forward.

Overall Conclusions

The site is considered be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	Yes	Medium priority for habitat creation (Cat 3B)	No
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Strutt & Parker (Adrian Kearley)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing: Retirement Village

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 95

Potential Employment - Land Area (in hectares): N/A

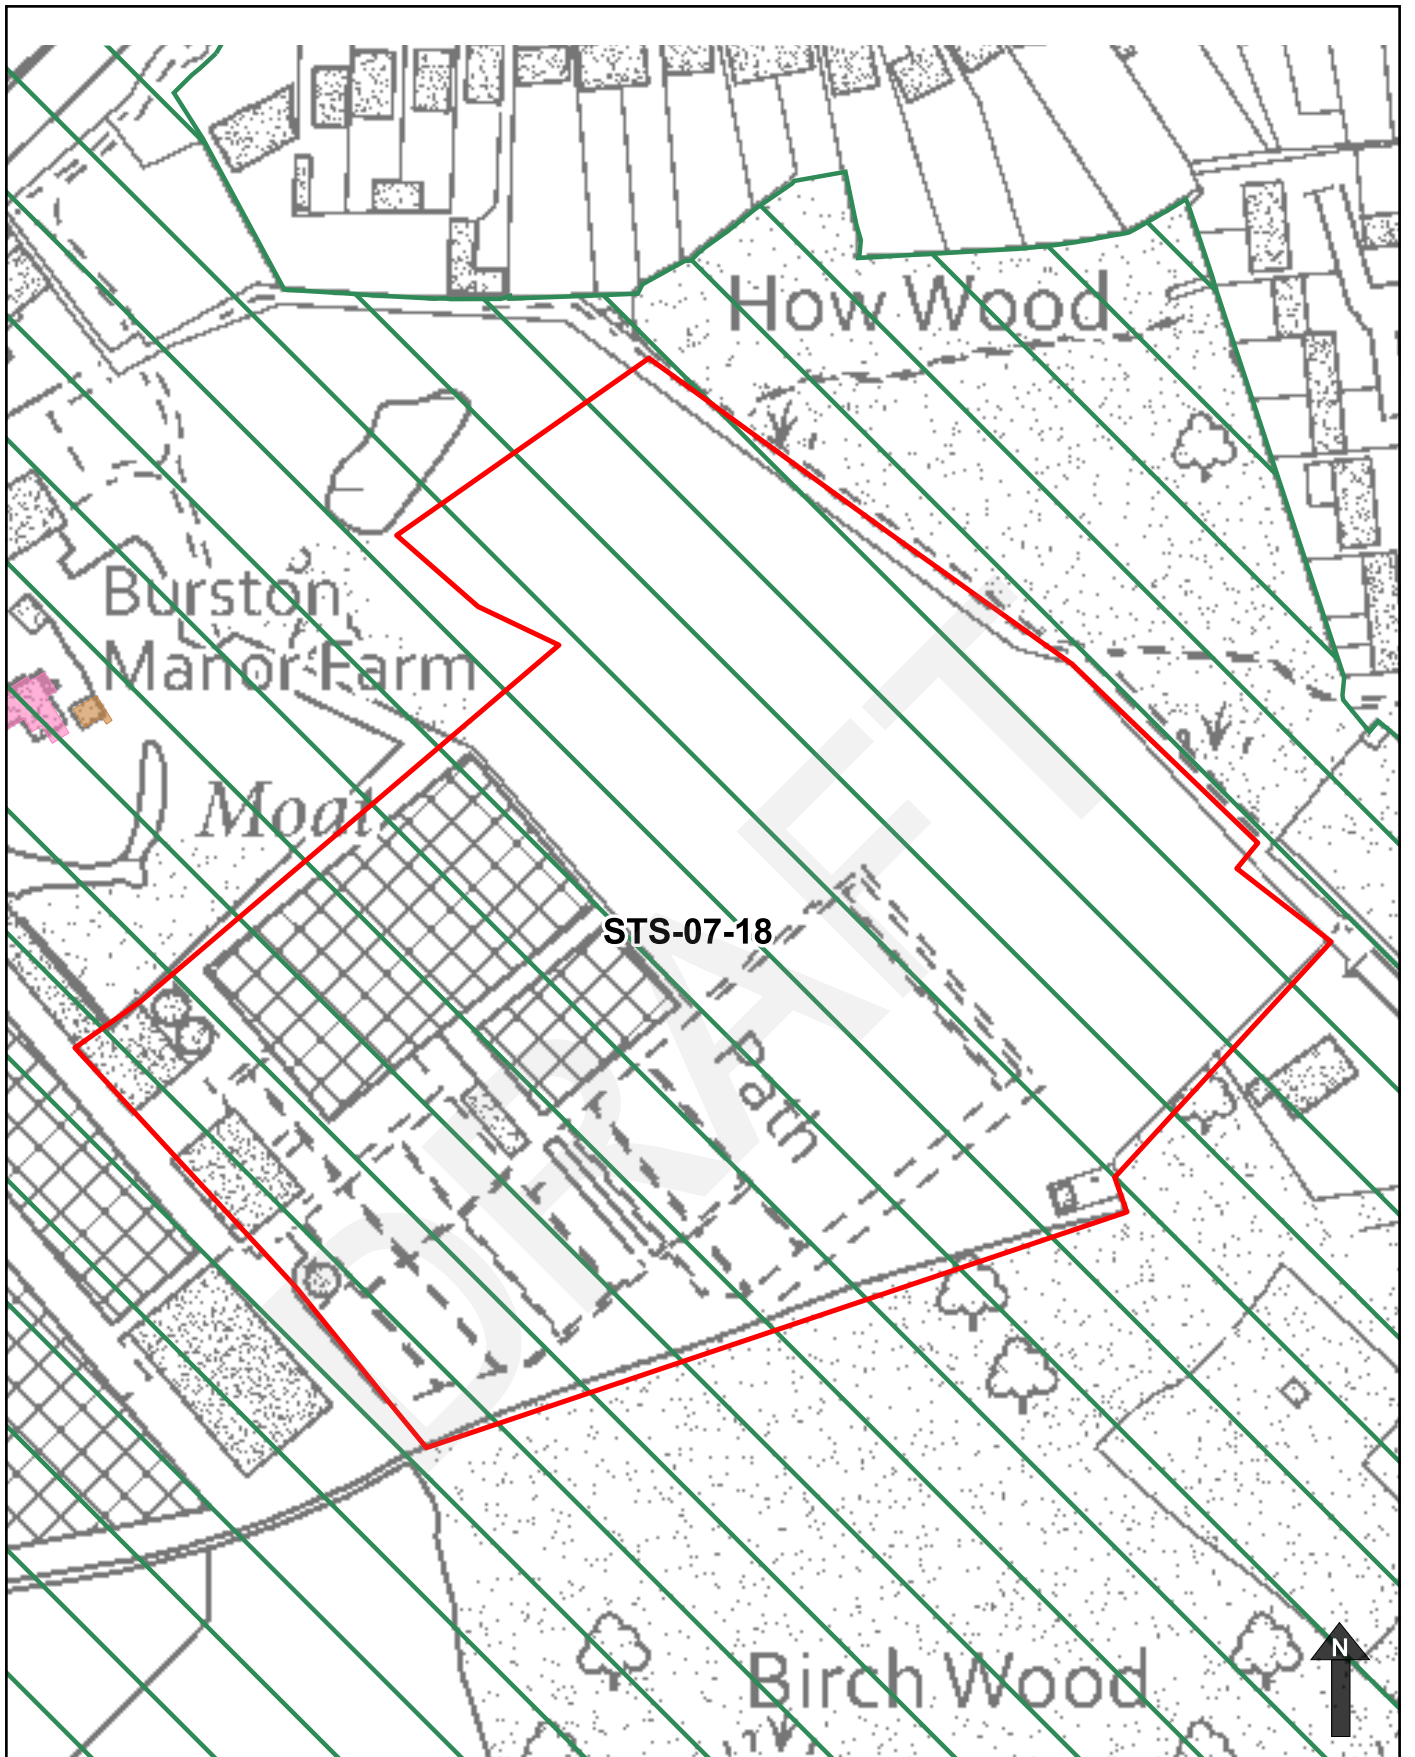

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Bidwells (Suzi Green)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-5 years. (Delivery is subject to the site promoter providing evidence that the site will come forward in the first five years of the Local Plan. This evidence will need to respond to the definition of deliverable and evidence required to prove deliverability as set out in the NPPF and PPG).

Potential Number Of Homes: 40

Potential Employment - Land Area (in hectares): N/A

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: SLR Consulting (Elle Cass)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-5 years. (Delivery is subject to the site promoter providing evidence that the site will come forward in the first five years of the Local Plan. This evidence will need to respond to the definition of deliverable and evidence required to prove deliverability as set out in the NPPF and PPG).

Potential Number Of Homes: 45

Potential Employment - Land Area (in hectares): N/A

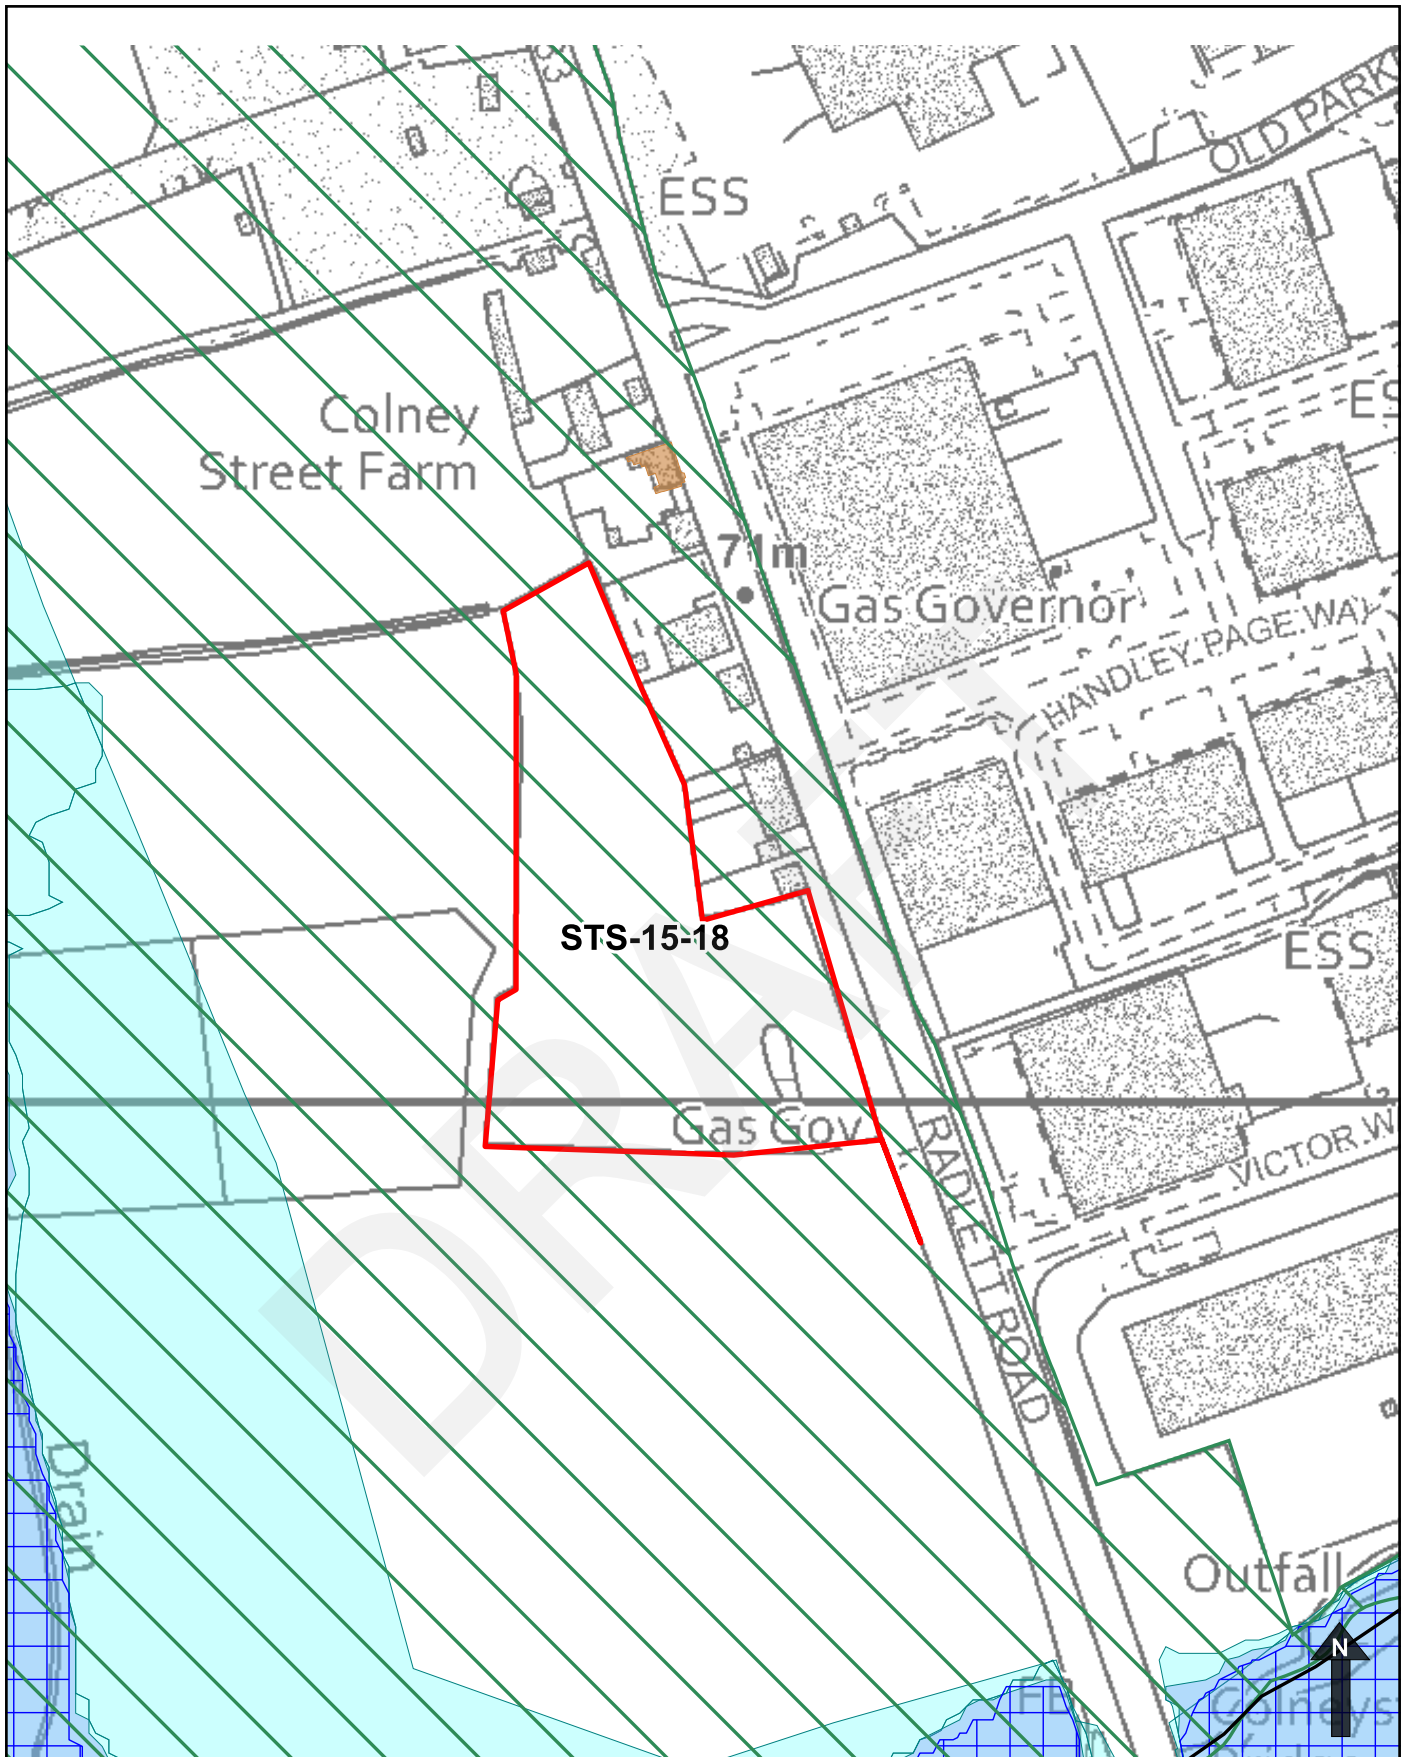

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

No Relevant Planning History.	

Suitability

Absolute Constraints			
Ancient Woodland(s)*	No	Registered Parks & Garden(s)*	No
Air Quality Management Area(s)*	No	Ancient Scheduled Monument(s)*	No
Flood Zone 3B*	No	Site of Special Scientific Interest*	No
Local Nature Reserves	No		
Non-Absolute Constraints			
Listed Building(s)*	No	Flood Zone 2*	No
Locally Listed Building(s)*	No	Flood Zone 3*	No
Conservation Area*	No	Source Protection Inner Zone (SPZ1)	No
Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	No
Tree Preservation Order(s)	No	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	No
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	No	Medium priority for habitat creation (Cat 3B)	Yes
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: private

Site Promoter: Phillips Planning Services Ltd (AI Morrow)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 105

Potential Employment - Land Area (in hectares): N/A

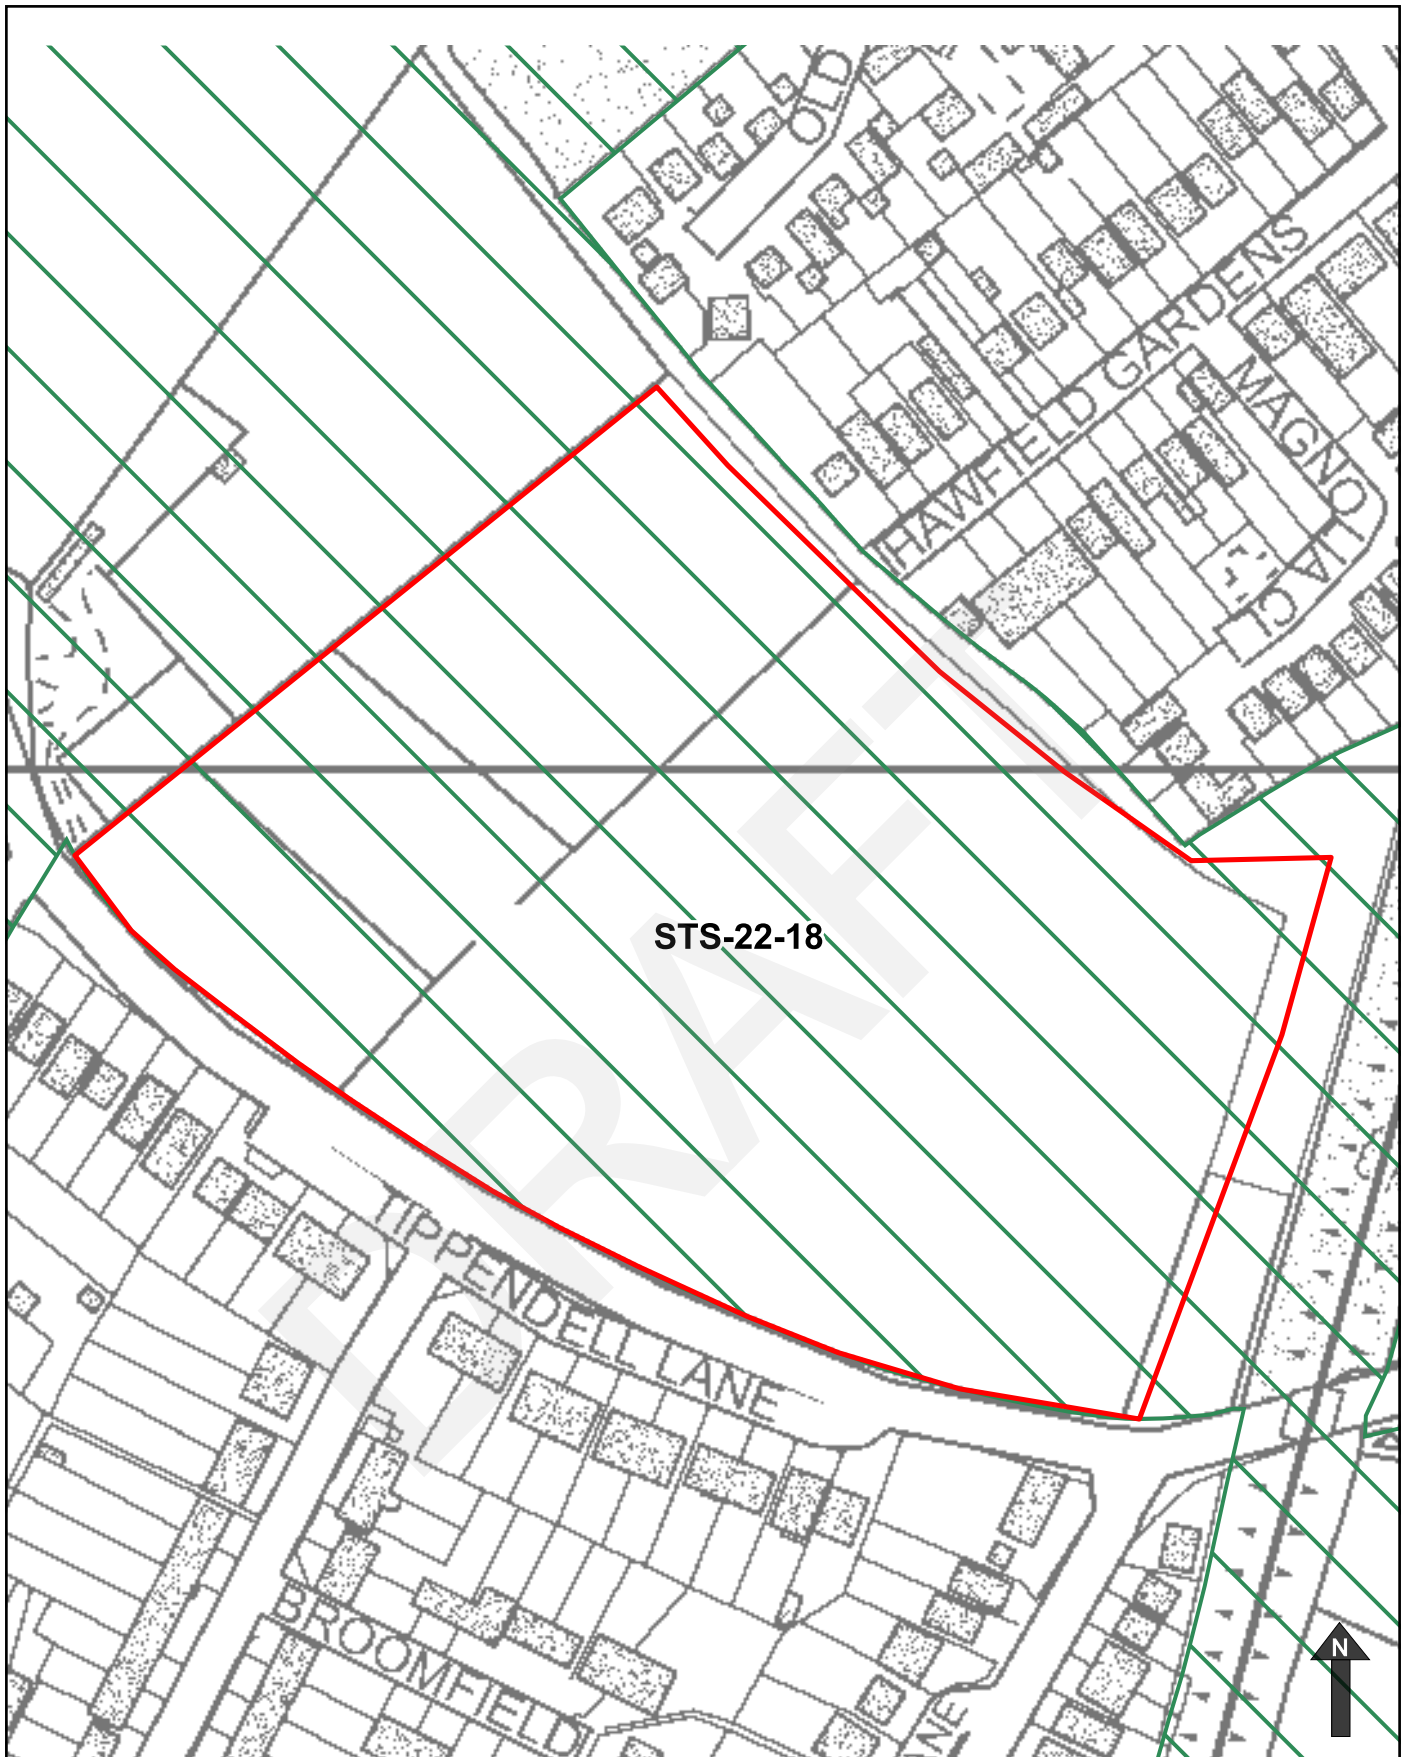

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	No
Tree Preservation Order(s)	Yes	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	No
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	No	Medium priority for habitat creation (Cat 3B)	Yes
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Asbri Planning (Matthew Gray)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Other Uses: Road user Services, Hotel and Community Uses

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: N/A

Potential Employment - Land Area (in hectares): N/A

Potential Other Uses - Land Area (in hectares): 3.07

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Site Reference: STS-35-21	Site Address: Land South of Burydell Lane, Park Street
Parish: St Stephen	Site area (hectares): 2.06
Existing use: Grassland / Scrubland	
Character of site and surroundings: Burydell Lane is located to the north of the site, beyond which are allotments. The river Ver follows the western boundary of the site, with residential properties beyond. Park Street Industrial estate is located to the rear, with open fields to the east.	
Relevant Planning History	
No Relevant Planning History.	

Suitability

Absolute Constraints			
Ancient Woodland(s)*	No	Registered Parks & Garden(s)*	No
Air Quality Management Area(s)*	No	Ancient Scheduled Monument(s)*	No
Flood Zone 3B*	Yes	Site of Special Scientific Interest*	No
Local Nature Reserves	No		
Non-Absolute Constraints			
Listed Building(s)*	No	Flood Zone 2*	Yes
Locally Listed Building(s)*	Yes	Flood Zone 3*	Yes
Conservation Area*	Yes	Source Protection Inner Zone (SPZ1)	No
Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	Yes	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	Yes	Medium priority for habitat creation (Cat 3B)	No
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Unknown

Site Promoter: NL Jones Planning (Neil Jones)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 65

Potential Employment - Land Area (in hectares): N/A

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Arrow Planning (Robert Harrison)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-5 years. (Delivery is subject to the site promoter providing evidence that the site will come forward in the first five years of the Local Plan. This evidence will need to respond to the definition of deliverable and evidence required to prove deliverability as set out in the NPPF and PPG).

Potential Number Of Homes: 25

Potential Employment - Land Area (in hectares): N/A

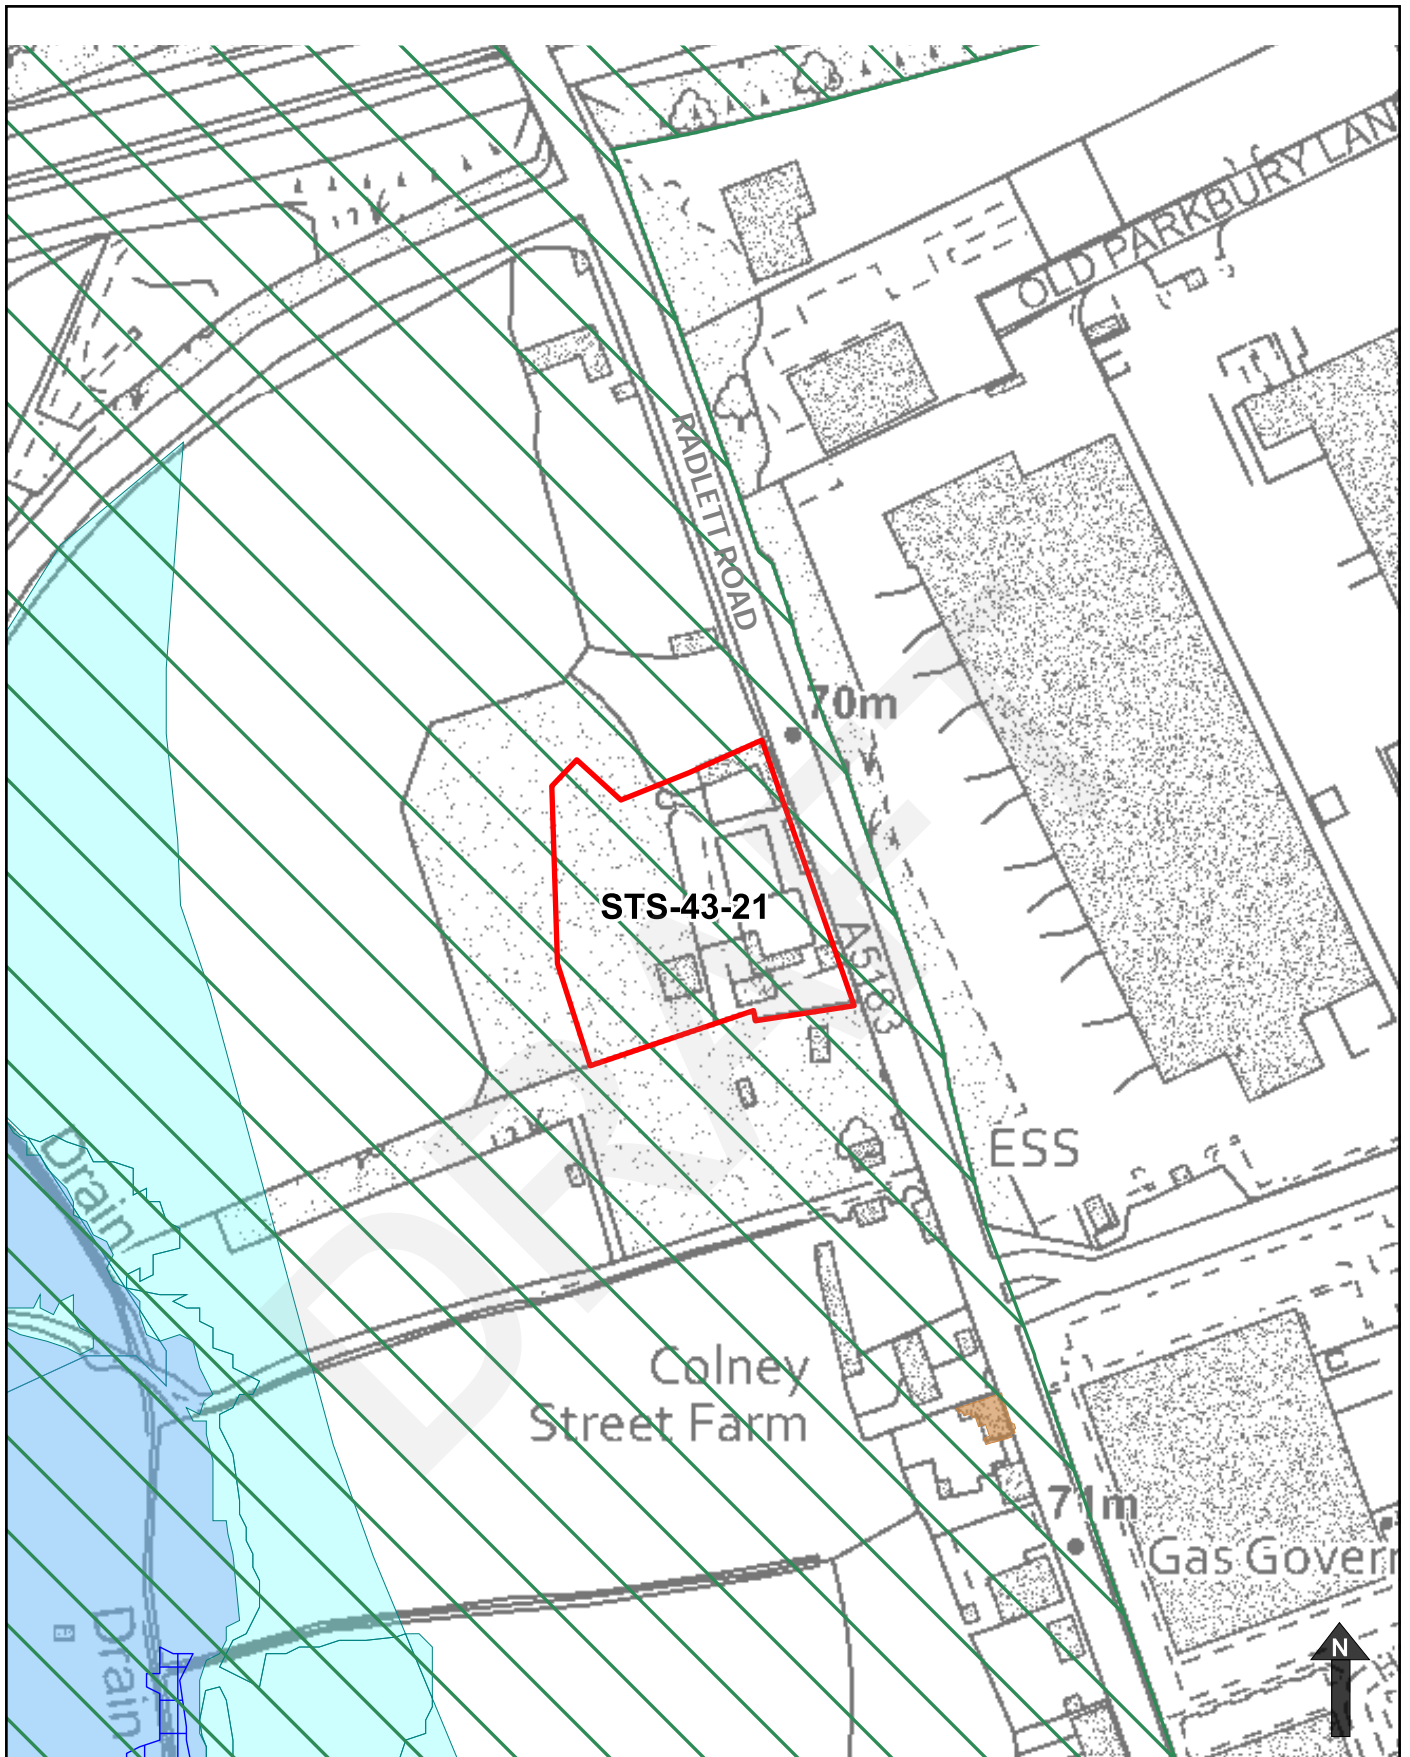

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Site Reference: STS-50-18	Site Address: Harper Lodge Industrial Estate, Harper Lane, Radlett
Parish: St Stephen	Site area (hectares): 7.41
Existing use: Industrial Storage / Waste transfer / Soil Screening / Equestrian	
Character of site and surroundings: Mainline railway line and Watling Street to the west, with open fields beyond. Harper Lane with tree belt beyond, to the north. Open fields / paddocks to the east, containing an isolated residence. Open fields / paddocks to the south.	
Relevant Planning History	
5/2017/0419 Change of use of waste transfer station to the storage and parking of vehicles, plant and machinery and storage equipment; Approved 11/04/2017	

Suitability

Absolute Constraints			
Ancient Woodland(s)*	Yes	Registered Parks & Garden(s)*	No
Air Quality Management Area(s)*	No	Ancient Scheduled Monument(s)*	No
Flood Zone 3B*	No	Site of Special Scientific Interest*	No
Local Nature Reserves	No		
Non-Absolute Constraints			
Listed Building(s)*	Yes	Flood Zone 2*	No
Locally Listed Building(s)*	No	Flood Zone 3*	No
Conservation Area*	No	Source Protection Inner Zone (SPZ1)	Yes
Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	No	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	Yes	Medium priority for habitat creation (Cat 3B)	Yes
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Bidwells (Derek Bromley)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 175

Potential Employment - Land Area (in hectares): N/A

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Site Reference: STS-56-21	Site Address: Land at Moor Mill North, Tarmac
Parish: St Stephen	Site area (hectares): 12.26
Existing use: Scrub Land	
Character of site and surroundings: Site flanked by the river Ver to the west, with open countryside beyond. Residential properties within Frogmore are located to the east, with the M25 adjoining the southern boundary to the south.	
Relevant Planning History	
<p>5/2009/0708 Outline planning application for the development of Strategic Rail Freight Interchange comprising intermodal area, distribution buildings and other related floorspace up to 331,655 sqm; Appeal Allowed 14/07/14</p>	

Suitability

Absolute Constraints			
Ancient Woodland(s)*	No	Registered Parks & Garden(s)*	No
Air Quality Management Area(s)*	Yes	Ancient Scheduled Monument(s)*	No
Flood Zone 3B*	Yes	Site of Special Scientific Interest*	No
Local Nature Reserves	No		
Non-Absolute Constraints			
Listed Building(s)*	No	Flood Zone 2*	Yes
Locally Listed Building(s)*	No	Flood Zone 3*	Yes
Conservation Area*	No	Source Protection Inner Zone (SPZ1)	Yes
Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	No	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	Yes	Medium priority for habitat creation (Cat 3B)	No
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: Turley (Steven Kosky)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 225

Potential Employment - Land Area (in hectares): N/A

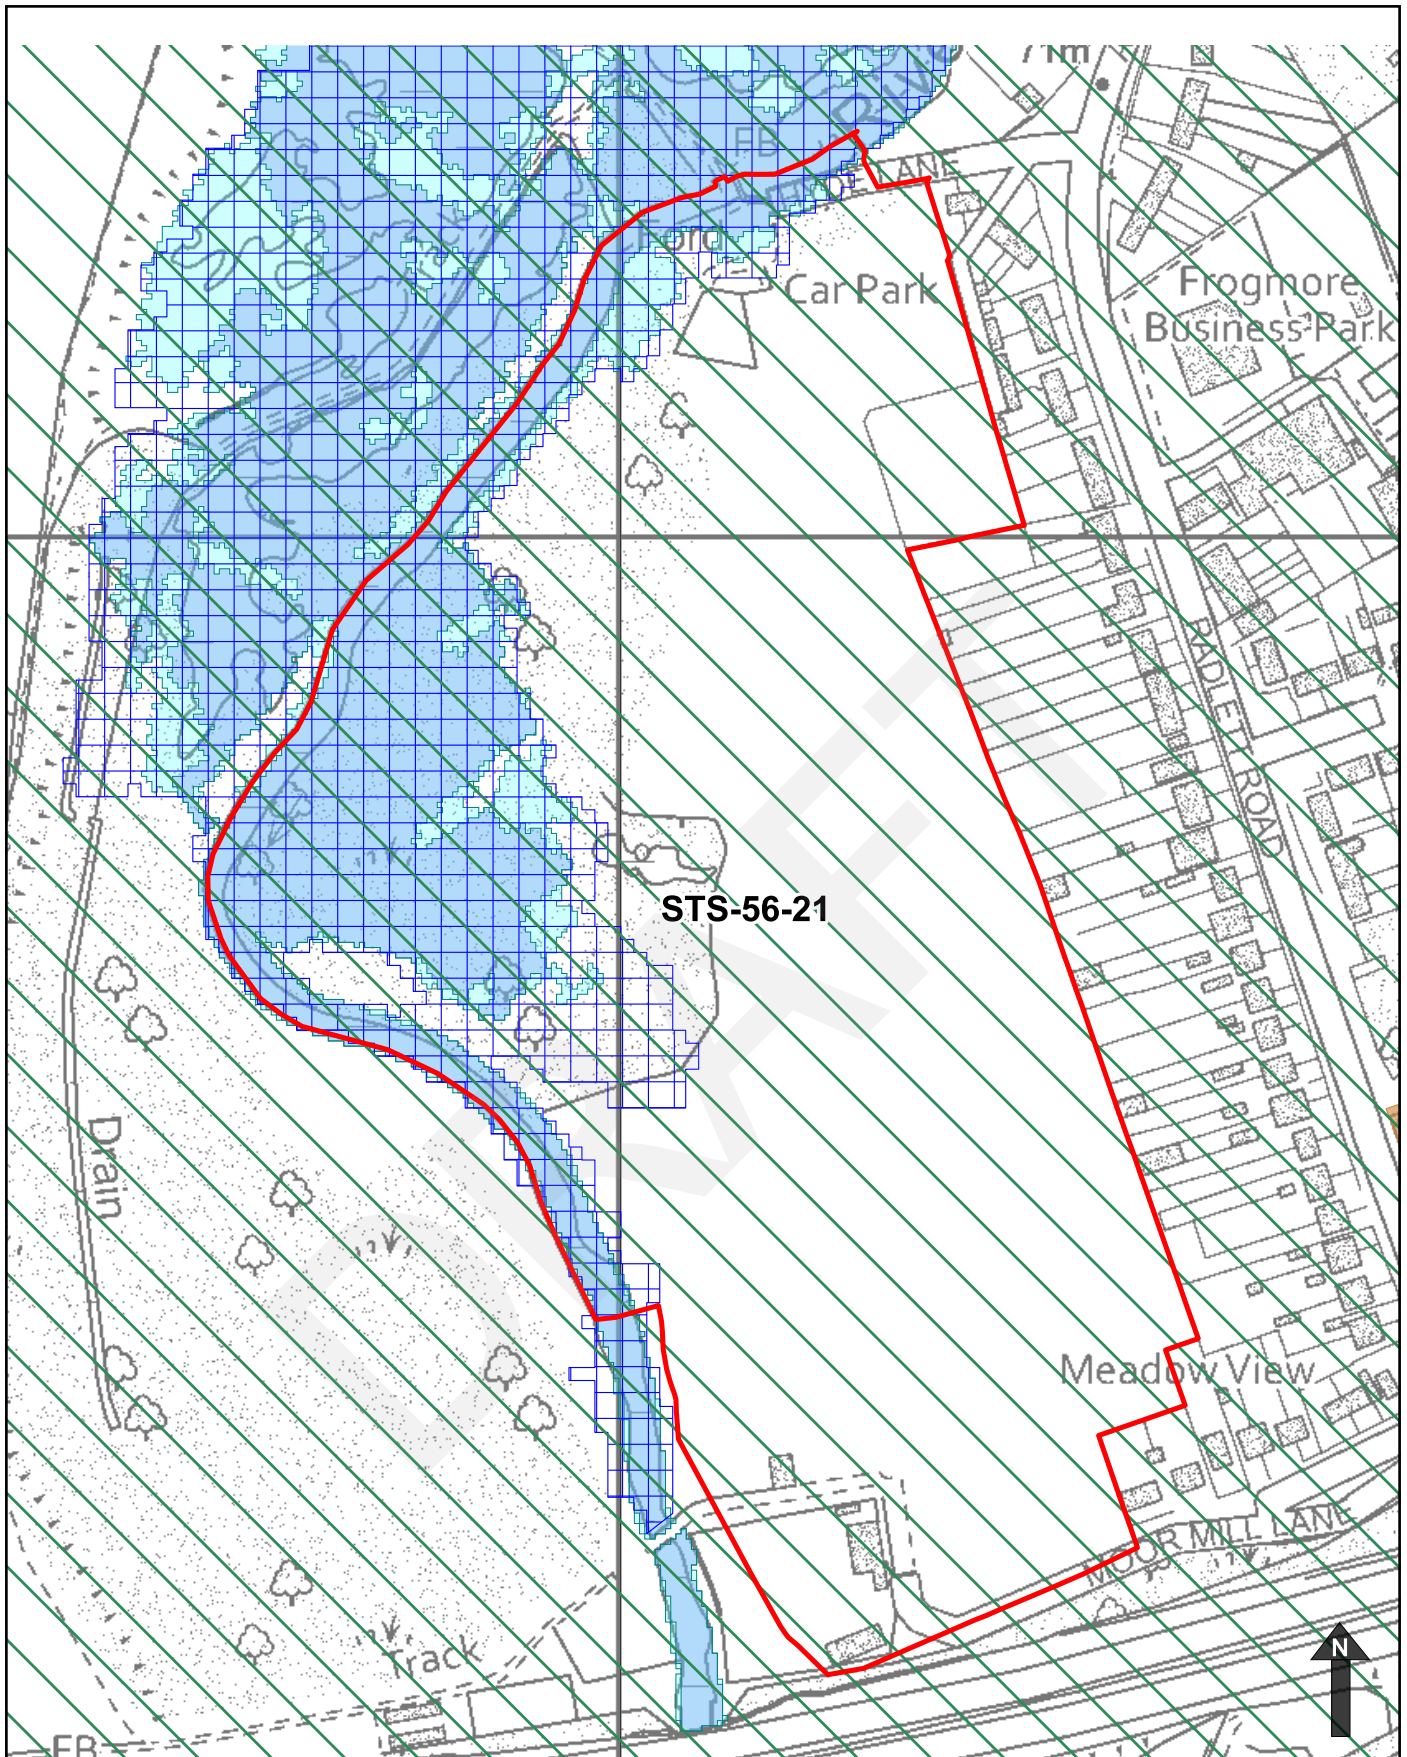

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Local Wildlife Sites	No	Medium priority for habitat creation (Cat 3B)	Yes
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Private

Site Promoter: M Scott Properties Ltd (Victoria Cutmore)

Availability Conclusions:

Yes. The site has been put forward through the 'call for sites' process, indicating it is available. Currently no known legal or land ownership issues are associated with the site preventing development from coming forward.

Achievability

Proposed Use: Housing

Estimated Delivery Timescale (housing): 1-10 years

Potential Number Of Homes: 105

Potential Employment - Land Area (in hectares): N/A

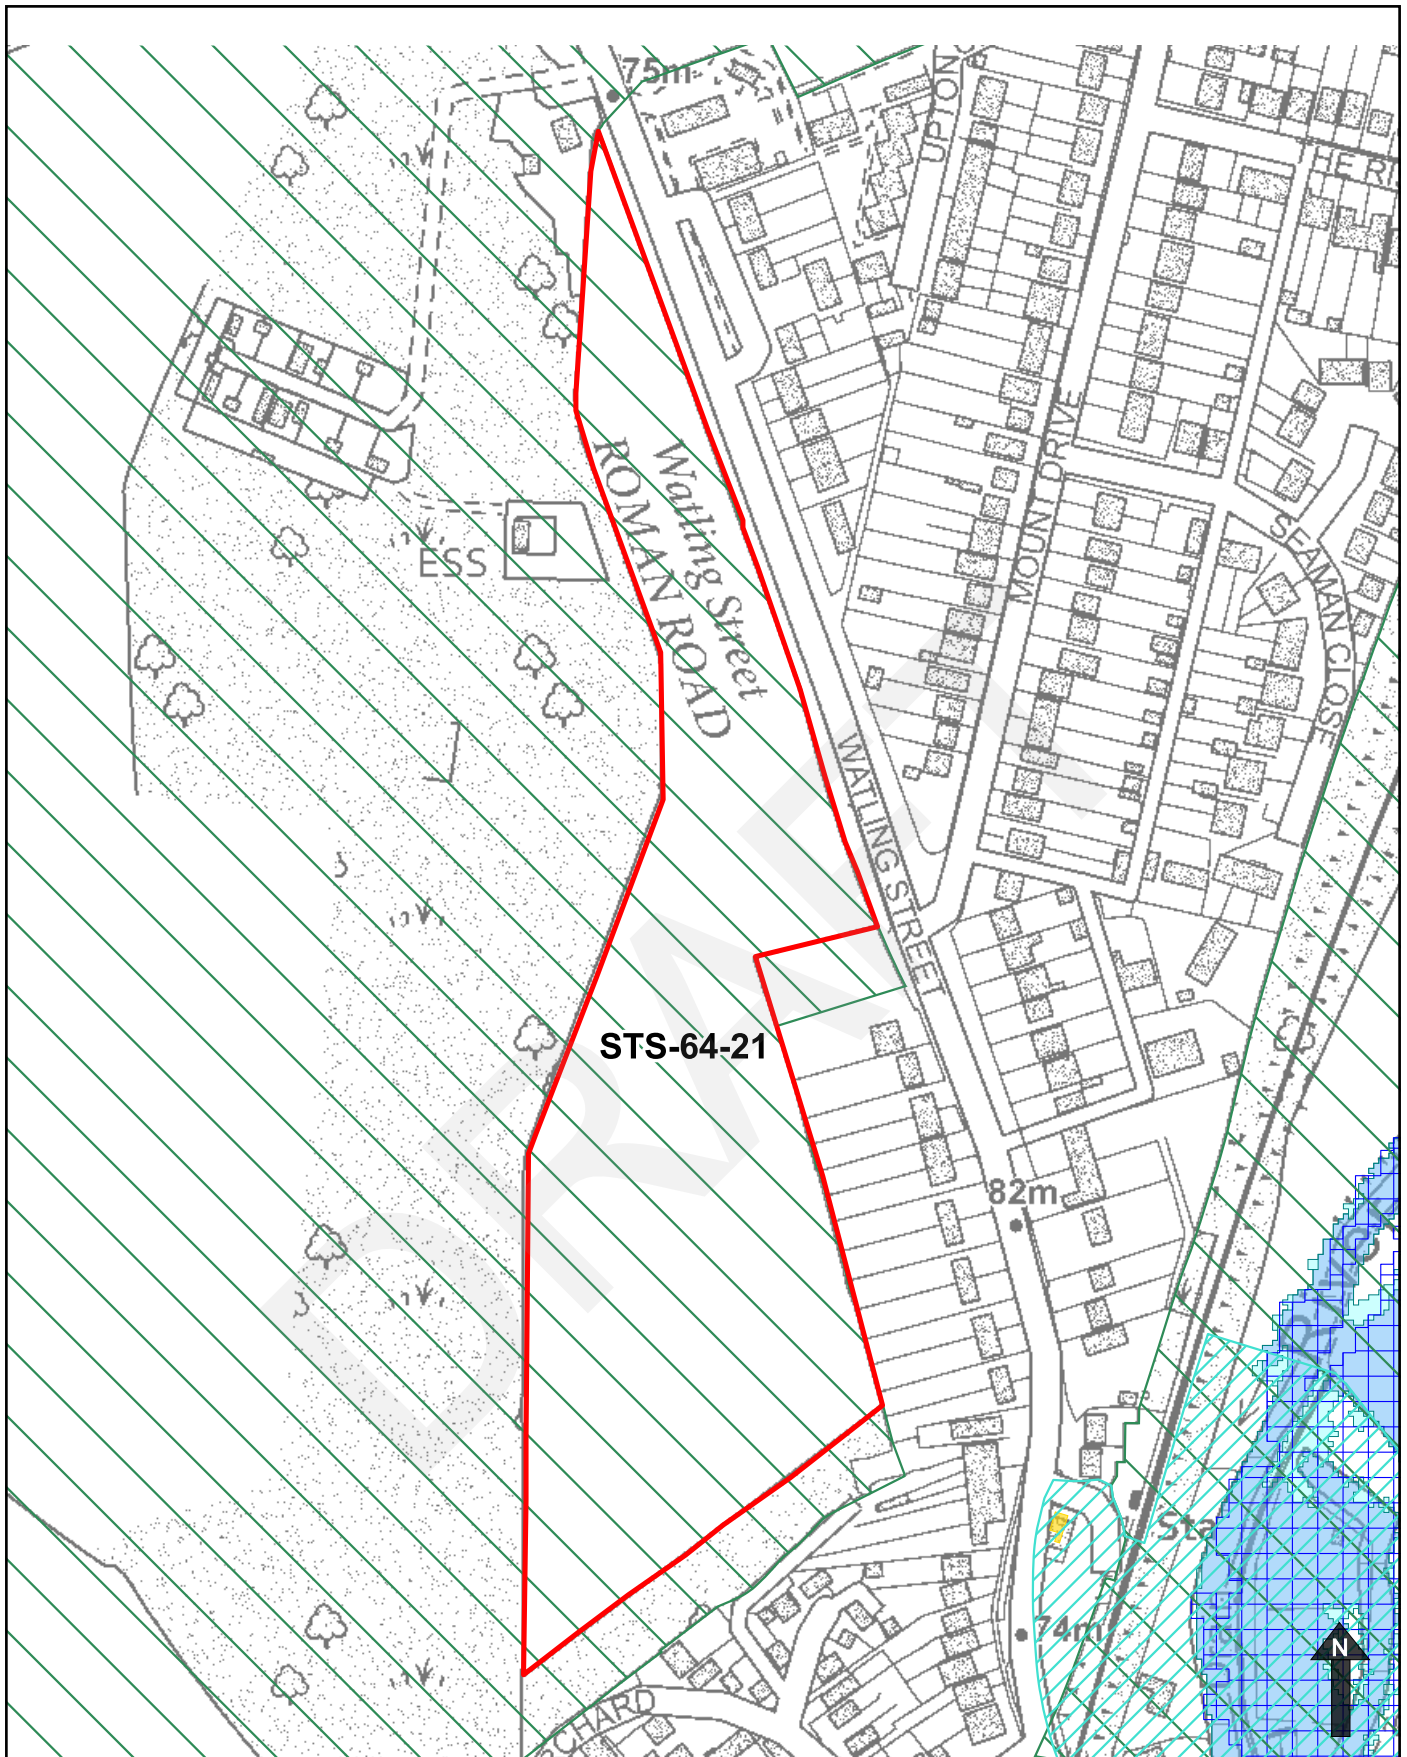

Potential Other Uses - Land Area (in hectares): N/A

Achievability Conclusions:

Yes, at this moment in time there are no known abnormal costs that will affect its viability, such as land contamination. The site is considered to be potentially achievable.

Overall Conclusions

The site is considered to be potentially suitable, available and achievable subject to further assessment as part of the site selection process.

Conservation Area*	No	Source Protection Inner Zone (SPZ1)	Yes
Archeological Sites Subject to Recording Conditions	No	Source Protection Outer Zone (SPZ2)	Yes
Archaeological Sites for Local Preservation	No	Source Protection Total Catchment Zone (SPZ3)	Yes
Metropolitan Green Belt*	Yes	Existing Section 41 NERC Habitat Act 2006 (Cat 1)	Yes
Tree Preservation Order(s)	No	Existing habitat not currently qualifying under S41 of the NERC Habitat Act 2006 (Cat 2)	Yes
Public Open Space(s)	No	High priority for habitat creation (Cat 3A)	Yes
Local Wildlife Sites	Yes	Medium priority for habitat creation (Cat 3B)	No
Landscape Character Area(s)	Yes	Lower priority for habitat creation (Cat 3C)	No
Minerals Safeguarding Area(s) - Brick	No	Regionally Important Geological and Geomorphological Sites	No
Minerals Safeguarding Area(s) - Sand and Gravel	Yes		

* Constraints shown on constraints map

Suitability Conclusions:

At this initial stage, the site is considered to be potentially suitable subject to absolute and non-absolute constraints being reasonably mitigated. Evidence base work, including a Green Belt Review, is underway and may change the site suitability in the future.

Availability

Landowner: Public / Private

Site Promoter: Helioslough, RPS (Chelsea Johnston)

Availability Conclusions:

Uncertain at this point in time as landowner has put it forward for alternative use.

Achievability

Proposed Use: Other Uses: Wildlife Habitat Enhancement, Managed Grassland

Estimated Delivery Timescale (housing): 1-15 years

Potential Number Of Homes: N/A

Potential Employment - Land Area (in hectares): N/A

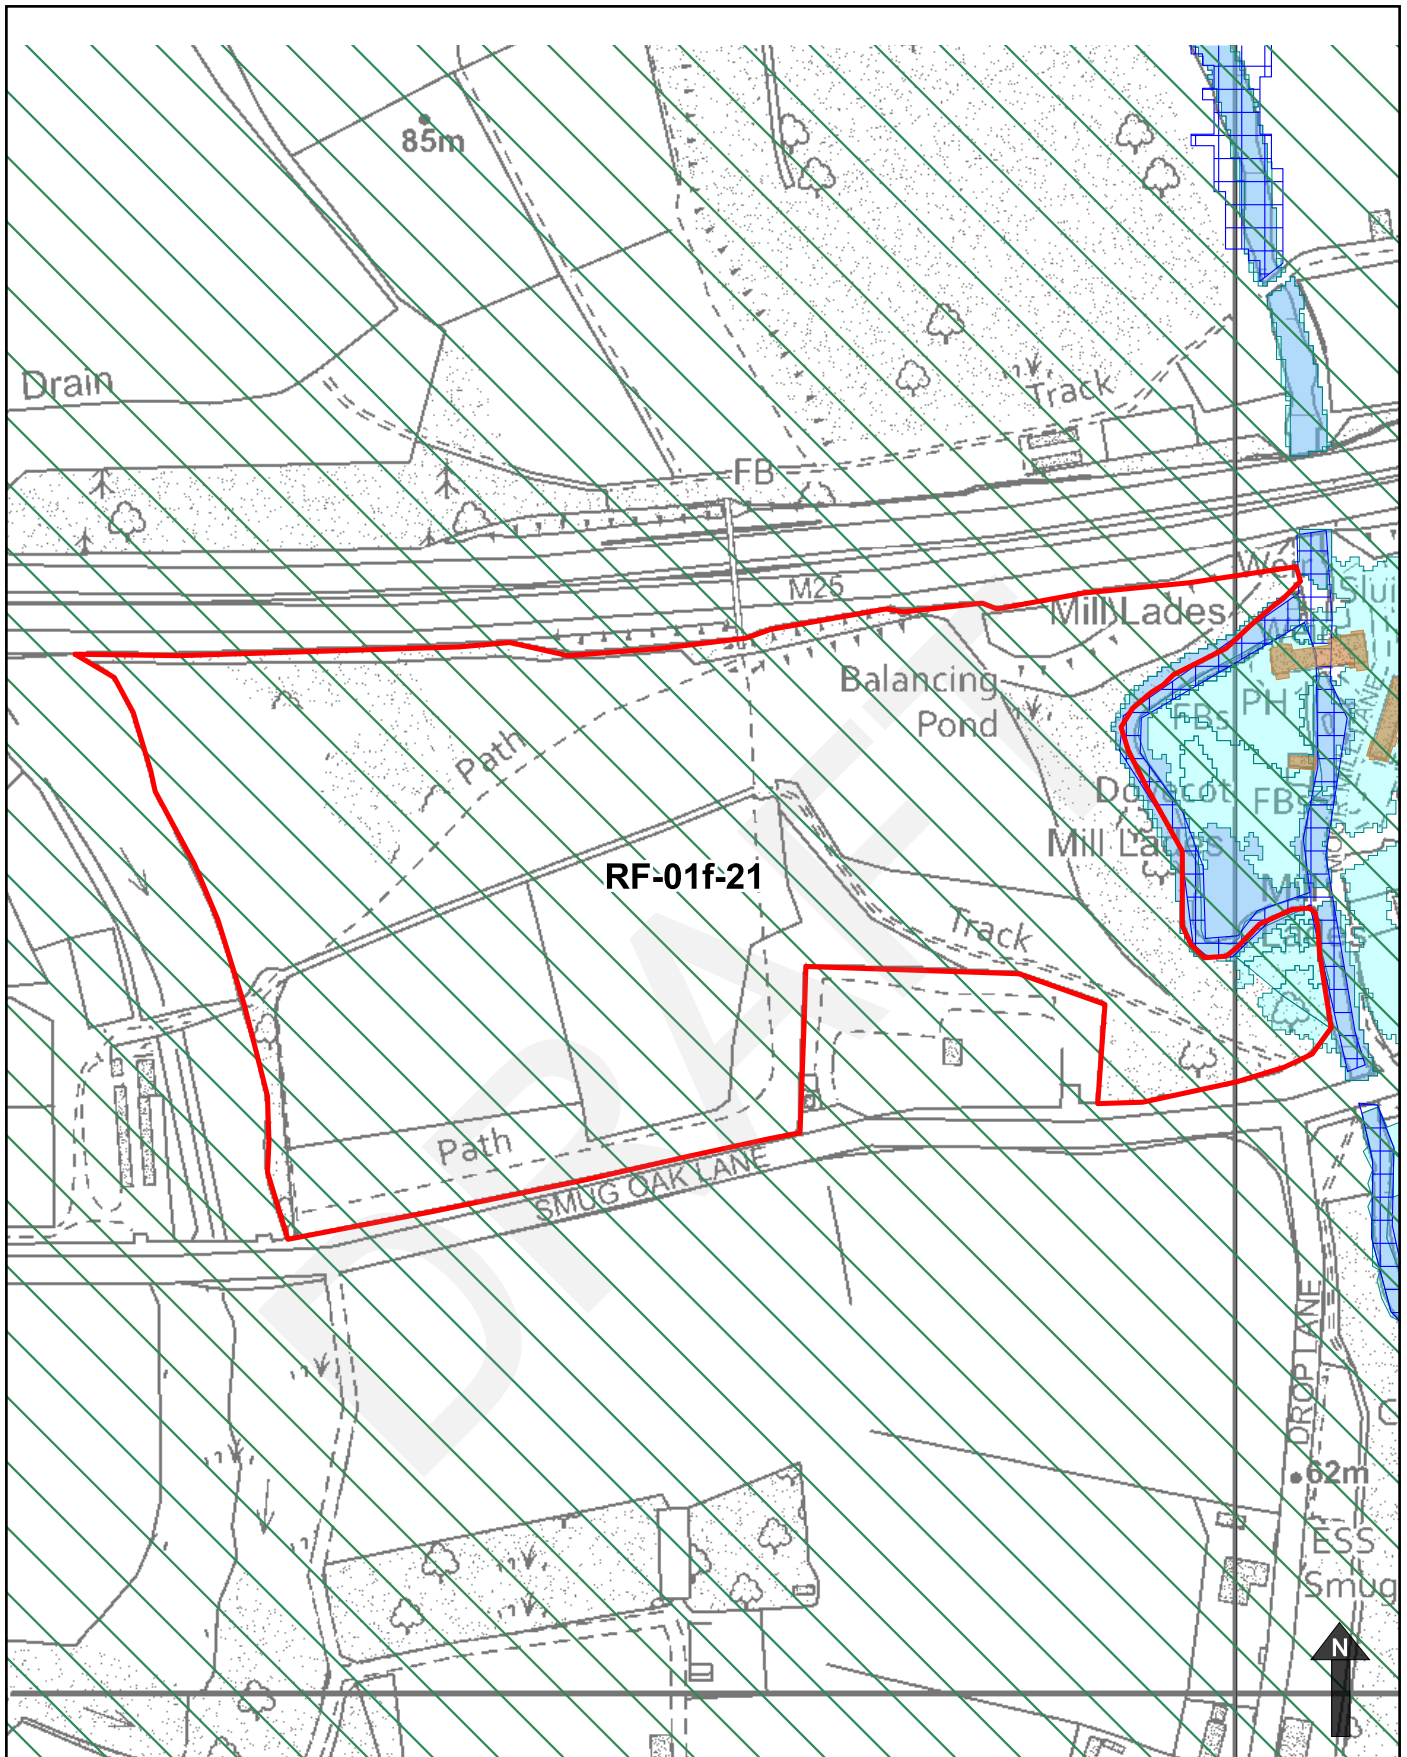

Potential Other Uses - Land Area (in hectares): 9.38

Achievability Conclusions:

Yes. Planning permission granted for proposed use.

Overall Conclusions

The site is considered be potentially suitable and achievable subject to further assessment as part of the site selection process. To deliver permission 5/2009/0708 all three land owners would be required to make the land available.
