Notes

1. Do not scale from this drawing. All dimensions shown are in metres unless noted otherwise.
2. This drawing has been based upon topographical survey information produced by others and Milestone Transport Planning cannot be held responsible for any discrepancies which may arise because of it.
3. It is assumed drainage will be achieved through a combination of drainage kerbs and natural drainage of the footways proposed surfacing. This will be explored further at the Detailed Design Stage.

INDICATIVE

Connection to the existing pedestrian infrastructure provided across the M25 overbridge.

Realignment of Lye Lane carriageway to provide a 5.5-metre wide carriageway and enable the provision of a continuous 2.0-metre wide footway along the eastern side of Lye Lane.

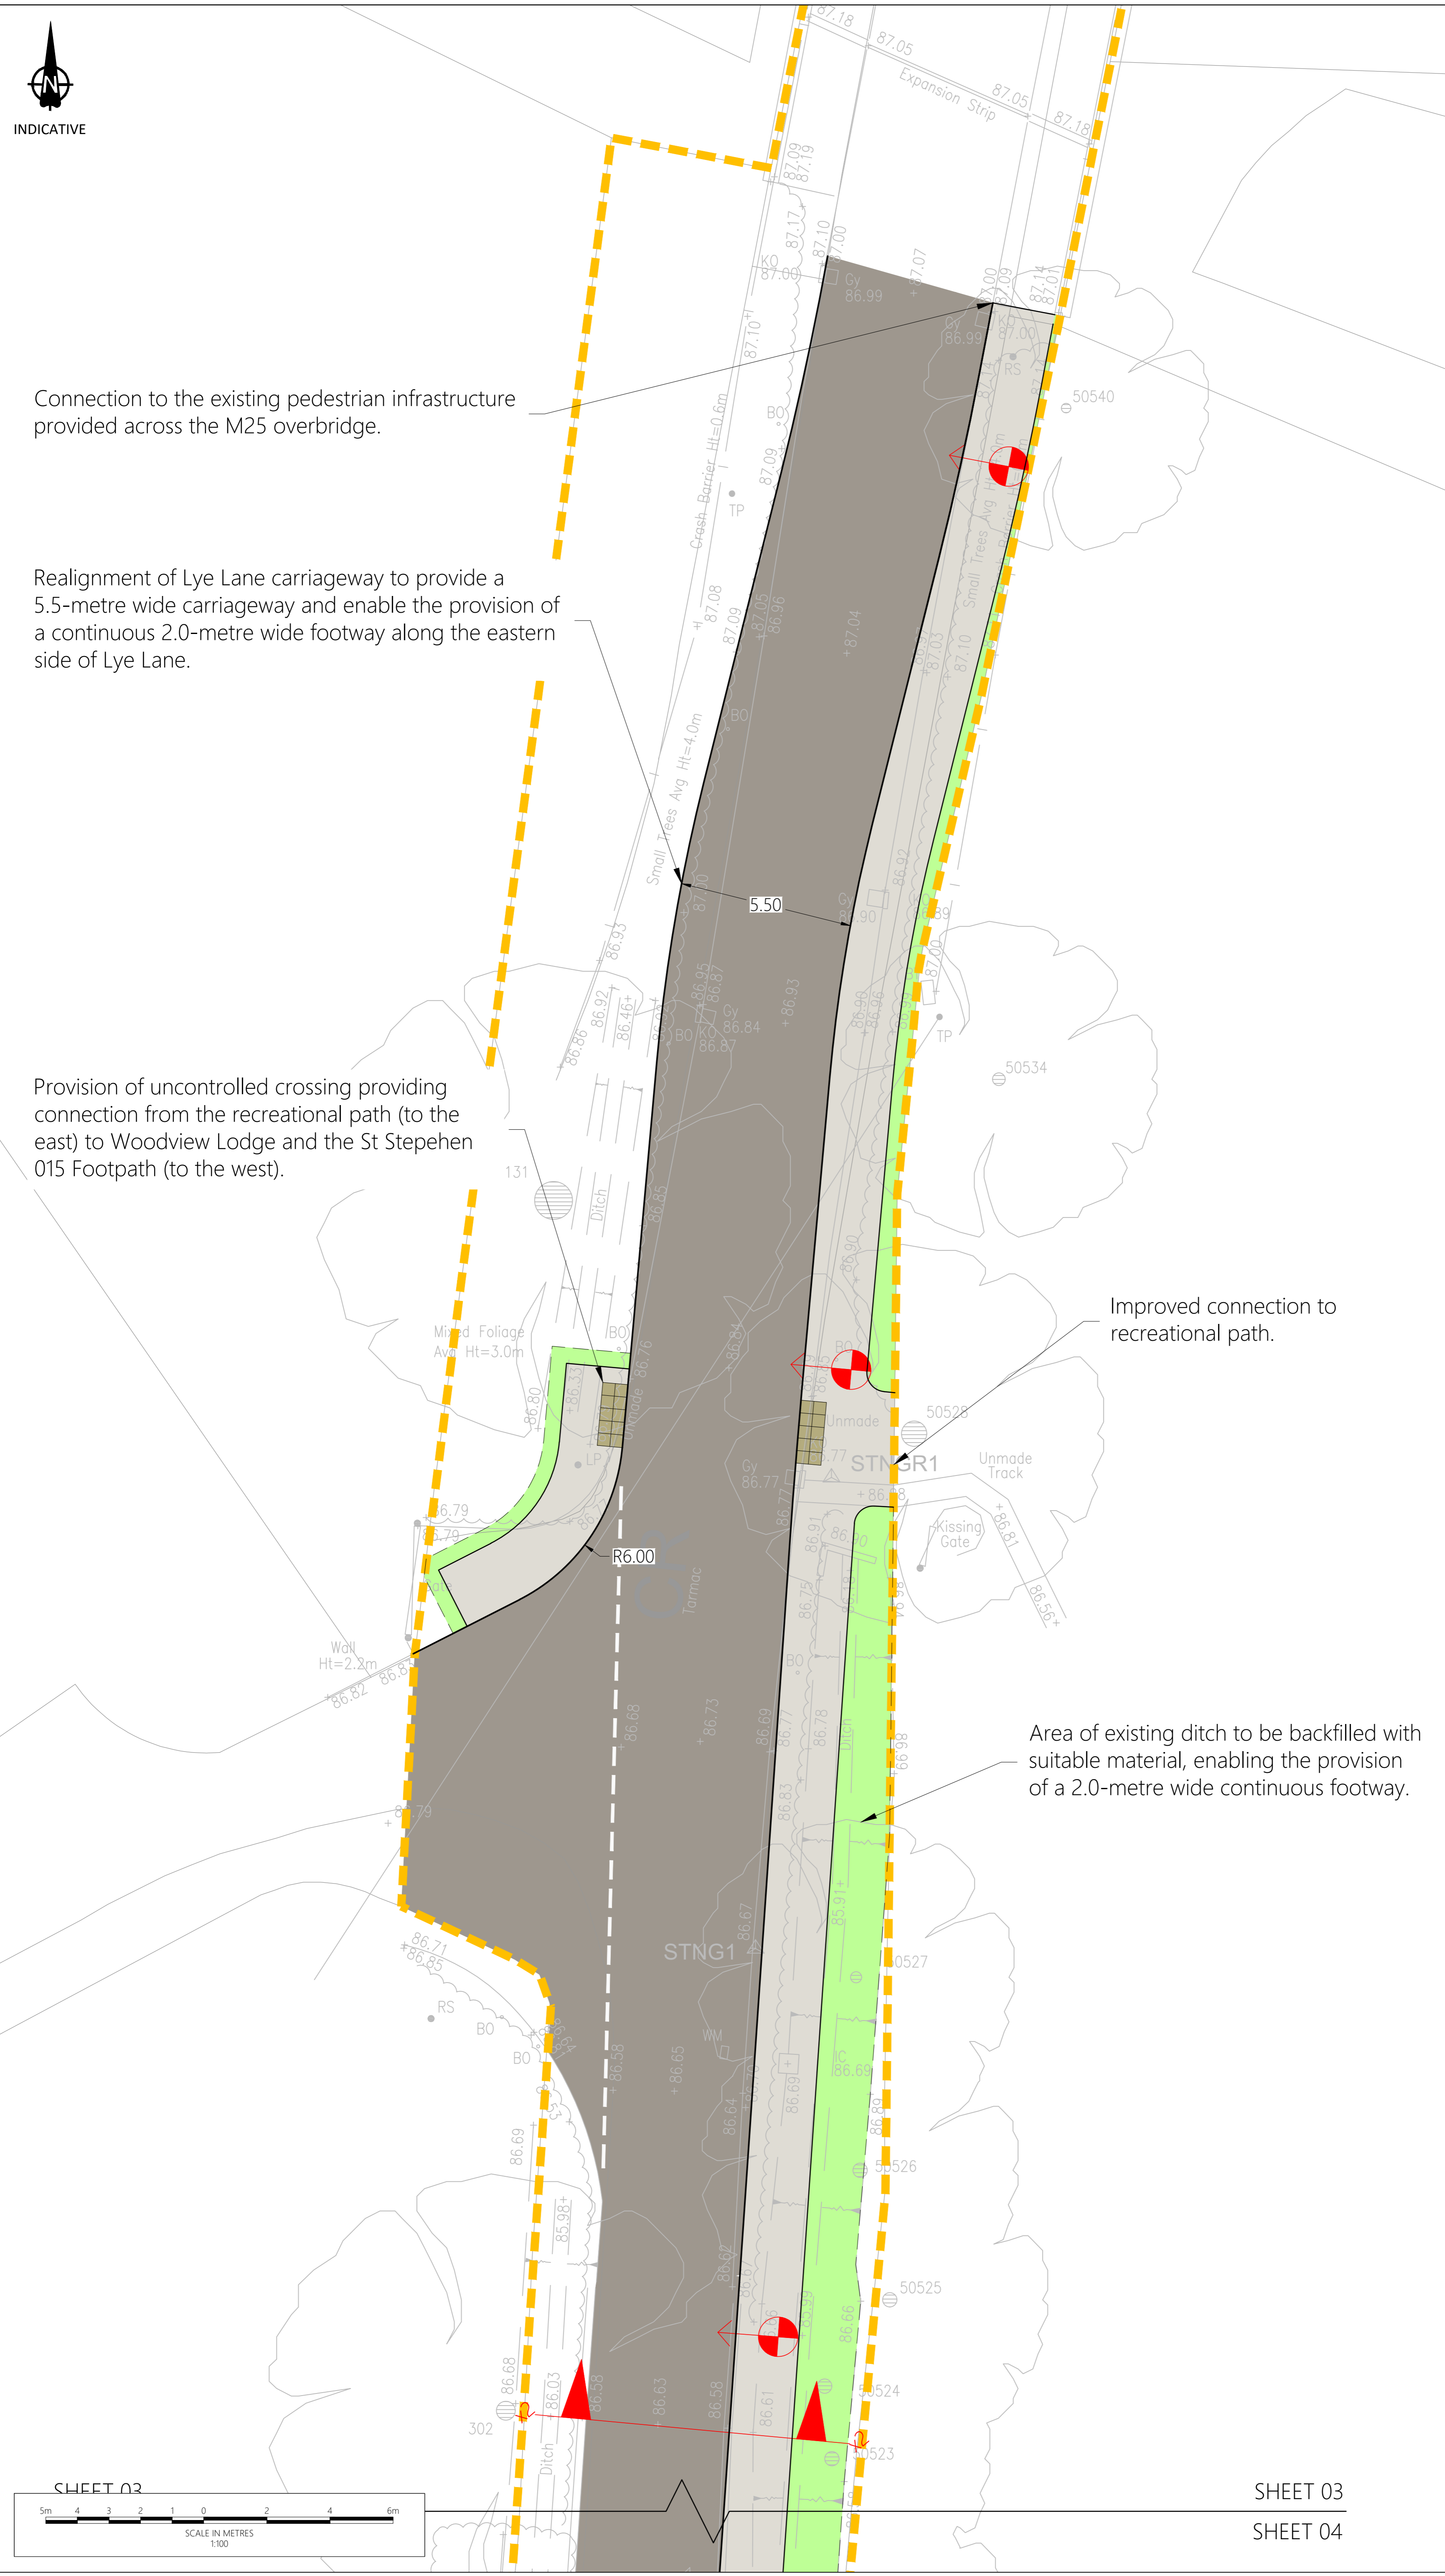

Provision of uncontrolled crossing providing connection from the recreational path (to the east) to Woodview Lodge and the St Stephen 015 Footpath (to the west).

Improved connection to recreational path.

Area of existing ditch to be backfilled with suitable material, enabling the provision of a 2.0-metre wide continuous footway.
