Object to Proposal

I wish to object to the application for this project, the access in and out of this development is extremely dangerous. It is not possible to have the flow of traffic in and out of this area safely. I fully appreciate that this car park is owned by Tarmac and having lived in the village for 45 years it has always been an issue with safety. With more parents driving to the school and the Football Club being in a higher league and more visitors, the removal of the car park would be detrimental to the village. You will force the cars onto the roads around the area...and children risking crossing the roads with no road crossing patrol. Please seriously reconsider the need for these homes.
